SUBMITTEDQuicker Justice  
Aim of ReformLegislatures Will be Asked to  
Adopt Plan Offered by  
Bar AssociationMajority Verdicts by Juries  
and Comment by Judge  
on Evidence Urged

DENVER, July 14. (Exclusive)—

Twenty major proposals for the

reform of criminal procedure in the

United States, so as to make justice

more swift and sure, were reported

today by the National Crime Code

Commission to the American Bar As-  
sociation convention here.

The report was prepared by the

Committee on Criminal Procedure

and is expected to be submitted to

the legislatures of the various

states, which will be urged to enact

them into law in the interests of

uniformity as well as of obtaining

swifter, simpler and more just criminal

trials.

Of the twenty proposals, two are

considered of prime importance: one

to permit a trial judge to comment

upon the evidence; the other permit-

ting verdicts except in capital cases

by a five-sixths majority of the jury.

The power of the trial judge to really

direct the trial and to comment upon

the evidence is a subject of long

standing in the Federal and in

several of the State courts, and

has been the subject of much

discussion in the past. It has been

argued that the taking away of this

power would be a great advantage

to the criminal, and that it would

be a great advantage to the

criminal, and that it would be a

great advantage to the criminal,

and that it would be a great

advantage to the criminal, and

that it would be a great advantage

to the criminal, and that it would

be a great advantage to the

criminal, and that it would be a

great advantage to the criminal,

and that it would be a great

advantage to the criminal, and

that it would be a great advantage

to the criminal, and that it would

be a great advantage to the

criminal, and that it would be a

great advantage to the criminal.

HAREM INTRIGUE DISCLOSED  
SYNOD ACTS  
FOR SUNDAY  
RECREATIONProceedings Against Chicago Capitalist Bring to Light  
Tale Rivaling Arabian NightsNEW YORK, July 14.—A whiff of romance from the harem of a Turk-  
ish Sultan came today into the promiscuous precincts of the Chicago  
courts, where a man of the name of Harold F. McCormick, Chicago  
capitalist, is being tried for the murder of a woman named Mary  
McCarthy, who was found dead in a rooming house in Chicago on  
October 10 in connection with discovery proceedings brought by Sidney  
Bernman.SAYS PEARY  
DIDN'T GET  
UP TO POLEAide of Amundsen Asserts  
American Explorer Never  
Reached GoalOSLO, July 14.—Capt. Rikar  
Larsen, right-hand man of Capt. Roald  
Amundsen, made a sensational speech  
today declaring that Capt. Peary  
never reached the North Pole. Capt.  
Amundsen always has said that Capt.  
Peary reached the pole in 1909, but  
that he was not the first to do so.The complaint filed by Bernman  
against Amundsen was that he had  
left much valuable property in the  
house of Mr. McCormick at 1000  
Lakeshore Drive, Chicago—trunks and  
other articles of value. The complaint  
was made in connection with the  
discovery proceedings brought by  
Bernman.CLEVELAND ATTORNEY  
DROPS DEAD IN DENVERDENVER, July 14. (P)—Sheldon H.  
Tolles, 70 years of age, Cleveland  
(O.) lawyer, dropped dead in the  
office of Milton Smith, general  
counsel for the Mountain States  
Telephone and Telegraph Company,  
here today.

## HANG THIRTEEN PLOTTERS

Conspirators Against Kemal Swing From Tripods on  
Street Corners in SmyrnaSMYRNA (Asia Minor) July 14. (P)—Thirteen men, six of them  
members of the Turkish Parliament, were hanged at the street corners  
along the waterfront at dawn today for conspiring to assassinate the  
President, Mustafa Kemal Pasha. All died protesting their innocence.Djambolet Dey, former Minister of  
the Interior and one of the leaders  
of the Union Progress party, warned  
his executioners that the wholesale  
hanging would bring misfortune to  
New Turkey. His speech was cut  
short by the noose.Daybreak revealed a mournful sight  
on Smyrna quay, where four years  
ago hundreds of refugees found safety  
from the great fire which literally  
removed all traces of the biblical  
city. Strichewich, the first of the  
condemned, was hanged from a  
gallows in the street. The other  
condemned were hanged from the  
corners of the city.Four men went to Smyrna to  
assassinate Kemal Pasha, but finding  
no opportunity, returned to Con-  
stantinople, where it was decided  
that the plot was to be carried out  
by a group of individuals  
closely associated with the opposition  
party.Small hand grenades were pre-  
pared, and one of these was to be  
handed in a bouquet to the Turkish  
President by a woman. Kemal con-  
sidered the plot, and it was decided  
that the plot was to be carried out  
by a group of individuals  
closely associated with the opposition  
party.Six Overpower  
Guard and Flee  
Arizona PrisonPHOENIX (Ariz.) July 14. (P)—Six  
prisoners escaped from the Arizona  
State Penitentiary at Florence today,  
according to information re-  
ceived at the Sheriff's office here.Overpowering the guard in charge,  
the six stripped him of his weapons,  
appropriated his automobile and fled.  
One of the men surrendered volun-  
tarily a few minutes later.MRS. M'PHERSON TO FACE  
NEW GRAND JURY QUIZOther Witnesses Expected to Give  
Evidence in Corroboration  
of KidnapingWhile investigators were conducting a State-wide search  
yesterday for Kenneth G. Ormiston, formerly radio operator  
at Angelus Temple, to question him concerning a telegram  
which was sent to the church from Oakland, plans were being  
made at the District Attorney's office to recall Aimee Semple  
McPherson, evangelist, before the county grand jury when  
the investigation into her story of kidnaping is resumed today.

It became known last night.

FIRES CLAIM  
NINE LIVESForests Aglow in  
NorthwestTwo Women, Two Children  
Trapped in Auto Perish  
in Rush of FlamesHundreds of Conflagrations  
Mark Fifth Day of Heat  
and Lightning ReignSEATTLE, July 14. (P)—Within nine  
deaths entered against it, the reign  
of fire, heat and lightning in the  
Pacific Northwest tonight completed  
its fifth day.Two women and two children were  
burned to death yesterday when a  
forest fire trapped a closed car be-  
tween Banff, Alta., and Windermere,  
B. C. The dead were Mrs. Leslie  
Watt and her two children and Mrs.  
Clifford Nesbitt.No relief was seen here today from  
an epidemic of forest fires. Humidity  
remained high and temperatures high.  
One hundred and sixty acres of  
standing wheat were destroyed by  
a fire which started in a harrower,  
on the Elmer Markham farm near  
Walla Walla.A fire that Monday destroyed a log-  
ging camp at Lewis Lake, near Still  
water, was reported the severest in  
British Columbia tonight. It had  
covered an area nine miles long and  
two miles wide. A blaze was out  
of control and men were rushing  
to it in the Salmo district. Further  
south into Salmo Valley a fire spread  
into Washington State.HUNDREDS OF FIRES  
In the Cour d'Alene section at  
Northern Idaho fifty fires were started  
by lightning.Sixty men were sent from Spokane,  
Wash., and Missoula, Mont., to fight  
160 blazes in the Blackfoot National  
Forest.Twenty fires were started by light-  
ning in the Colville National Forest  
in Northwestern Washington, and only  
four were reported under control.  
Trails in Mt. Baker National Forest  
near Bellingham, 100 miles north  
of here, were closed to the public.  
A fire which started in the town of  
Risingburg, B. C., just across the  
border, was checked by the Burns  
(Wash.) fire department aided by  
scores of citizens.AVIATOR IN  
FALL SAVED  
BY WOMANInjured Flyer Dragged Out  
of Flaming Wreckage in  
River by Oregon HeroinePORTLAND (Or.) July 14. (P)—  
Lieut. William J. Knaut, United  
States Army, was rescued by Mrs. Orla  
Reick from the flaming wreckage of  
an army airplane which crashed in-  
to the power lines crossing the Will-  
amette River here late this afternoon.Lieut. Raymond F. Parrish, Offi-  
cer's Reserve Corps, who was with  
Lieut. Knaut in the plane, made his  
way to shore without assistance.  
Lieut. Knaut suffered serious burns  
about head and arms and his left  
arm was broken. His companion es-  
caped with an injured arm.Mrs. Reick, who had been bathing  
and still wore a bathing suit, effected  
the rescue after men standing on the  
shore had warned her that the flam-  
ing plane might explode.Without hesitation she plunged in-  
to the river and swam out to the  
wreckage. She found Knaut seriously  
injured and held partly under water  
by the struts of the plane. Fighting  
her way to his side, she loosened  
the belt strapping him to the plane,  
pulled him free of the tangles of  
wires and dragged him ashore.Later Mrs. Reick objected to pos-  
ing for a photograph because the wa-  
ter had spoiled her marcel.BRITISH COLUMBIA  
HANGS MURDERERSVANCOUVER (B. C.) July 14. (P)—  
Benito Pasquale and Alexander De  
Berroll, murderers of women, were  
hanged today in Oakalla prison near  
here. Last-minute efforts for com-  
mutations of sentences were made.

## DRY FORCES HERE SWELLED

Reinforcements From Prohibition's New "Super"  
Army Ordered to Duty at Los AngelesWASHINGTON, July 14. (P)—Organization of prohibition's "super"  
army went forward swiftly today with the leaving of orders for enlistment  
of 100 new men for New York and fifteen for Los Angeles. The additional  
forces, part of the 900 new men authorized by Congress at the request of  
Assistant Secretary Andrews, will be put into action as soon as possible.Action at Los Angeles was hastened with these men I will be disappointed  
if we don't cut this flow of alcohol by 80 per cent within the year.

## CHECK UP PERMITS

In New York City, N. Y., the ad-  
ministrator who conferred here to-  
day with Frank Dow, acting prohibi-  
tion chief, will use 100 of his new  
staff in inspection duty. They will  
check up on permits to make sure  
that drug stores and industrial plants  
using denatured alcohol are not let-  
ting their supplies seep into illegal  
channels.We are going after the diversion  
of denatured alcohol," Mills said.  
"which amounts now to between  
400,000 and 500,000 gallons a month."The remainder of the new forces  
for New York will include clerks and  
lawyers who will seek to carry out  
Gen. A. C. Clegg's plan to assess taxes  
against bootleggers.By this means we should collect  
considerable revenue," Mills said.  
There are many cases pending in-  
volving large sums.The Los Angeles staff is part of the  
250 new men authorized by Congress  
for bootleg patrol, and it is planned  
by Mr. Dow to put fifteen at San  
Francisco soon.Mr. Dow also announced today the  
appointment of James C. Waddell of  
New York, a West Point graduate, as  
supervisor of the newly organized  
bootleg squad. He will succeed Thomas  
(Continued on Page 4, Column 2)

## ANDREWS ASKS JOHN BULL'S AID

London to Get Session of Rum-War Parley

Dry Chief and Britains in Conference Today.

Plan to Thwart Bootleggers May be Worked Out.

LONDON, July 14. (AP)—One of the strangest international conferences ever convened in London will be inaugurated tomorrow at the British Foreign Office, when Brigadier Andrews, chief of the prohibition enforcement service of the United States, and his side will meet officials of the British government. They hope to work out detailed plans for thwarting this national bootleggers who send their rum cargoes to the United States across the Atlantic and from Canada and the Bahamas.

London has been host to international negotiations on nearly every conceivable subject under the sun, but never before has it been called upon to deal with American bootleggers. John Bull brought the conference upon himself, however, for it was at the invitation of the British government that Gen. Andrews and his assistants came over here for face-to-face talks with men who can exert the most rigid control over liquor shipments leaving British territory.

**WILLING TO HELP**  
British officials have expressed their willingness to assist the United States Treasury officials in every way possible, and already are doing so in the preliminary parleys. The broad lines of the negotiations already have been mapped out in correspondence between Sir James Howard, the British Ambassador at Washington, and Secretary of State Kellogg. Gen. Andrews tonight expressed confidence that his mission would contribute to the campaign for making prohibition effective.

It will be explained at the opening discussion that the object of the visit of Gen. Andrews and his aides is to discover what Great Britain can do in an administrative way to make the smuggling of liquor into the United States difficult.

After the plenary meeting, it is expected the participants will split into groups for consideration of specific questions, such as smuggling, false declaration of the ultimate destinations of liquor cargoes from British ports, and certain proposals for giving American revenue cutters authority to enter British waters in chasing rum-runners.

**PROGRAM ANNOUNCED**  
Announcement of the program was made after a conference this morning between Gen. Andrews and the American Ambassador, Alexander B. Houghton.

Leaving his hotel for the Embassy, Gen. Andrews noticed that the doors of the public houses, displaying ale stout and whisky signs in big gilt letters, were closed. When he asked about this, it was explained that the pubs didn't open until 11 o'clock.

"Oh, so you do have a little prohibition here?" he remarked to an Englishman in the party.

"Yes," said the Englishman, "about fifteen hours daily."

**WIFE STATES CLAIM**  
LINDSEY, July 14.—Claiming that she, and not her late husband's brother, is rightful heir to money collected under the employees' benefit fund of the Southern California Edison Company, Mrs. Nina Stewart, widow of T. E. Stewart, who died last year, has filed suit in the Superior Court of Tulare county against G. S. Walker, trustee of the fund.

Mrs. Stewart declares that one month prior to her husband's fatal accident he had changed the beneficiary to his brother, which change occasioned the company's decision to hold up the amount of money. The employees pay 60 cents a month into this fund.

## RUM AURA SANS SIP GETS GOAT

Federal Employment Service Official in Washington Asks for Remedy When Fumes Waft Into His Office From Near-by Pit Used in Destroying Seized Liquor

WASHINGTON, July 14. (AP)—A perennial alcoholic aura without even a drink is becoming embarrassing to officials of the Federal employment service who have appealed to the District of Columbia commissioner to help them out of their dilemma.

"There is, within thirty feet of this office," Robert M. Pilkington, superintendent of the service, wrote the commissioner, "a cement pit in

which large amounts of confiscated liquor are destroyed at intervals. Fumes from the same enter our offices."

"I have had many people look askance at myself, and there are times when other officers are under suspicion. I do not seem feasible to explain the situation to each person interviewed."

The letter was read at the board meeting. The commissioners only laughed.

**FEDERAL DRYS REINFORCED**

(Continued from First Page)

E. Stone, who will be transferred to other duties.

**DRY FORCES HERE**

**RIDICULE REPORTS**

If Air Otford of San Francisco, head of the Treasury Department's intelligence unit, is investigating charges concerning the prohibition situation here, as related in a Bay City news dispatch yesterday, none of the heads of interested departments here know anything about it, they declared yesterday. They disbelieved the report and some of them attribute it to prohibition Director Green and Agent George Neary of San Francisco as an effort on the part of Green and Neary to hand themselves a bouquet.

The dispatch created a mild sensation in official circles here, said that "bootleggers and rum-runners are landing liquor at will at Santa Barbara and San Pedro through the connivance of Federal and local officials," that "liquor is being openly landed on the wharves at San Pedro, rum ships running in and out of the port at will" and that "tribes of customs police and Federal prohibition agents is openly boasted by the Southern California liquor interests," according to information received by Otford.

"We know nothing of any such situation or of such an investigation," was all that Special Agent Hamer in charge of Otford's local branch, would say. Otford, he noted, has been here recently and is not expected, it was said.

**IGNORANT OF CHARGES**

W. W. Anderson, assistant to R. E. Prith, prohibition administrator for this district, who was out of the city, also professed ignorance of either the charges or investigation.

He said: "Moonshiners and their salesmen have as their principal selling argument for their attie-made poison that it is genuine imported liquor whose presence here is possible only because they have 'sweetened' some Federal official who lets them bring it through. That makes a good tale and is their open boast all the time."

The Federal force here recently underwent some rearrangement, as was announced from time to time, and, according to Anderson, it is now fairly settled.

Collector of Customs Schwabe said: "If there is such an investigation it must be of the Coast Guard Service. We haven't a single customs police. I asked the national prohibition law-enforcement headquarters in Washington a year ago for 135 men to patrol the short line and border from San Luis Obispo to Yuma. I never got a single man. We can't do anything."

Chief of Police Davis knows of no such investigation nor charges against Los Angeles or San Pedro police. Green is quoted as having said a big shake-up in Federal and police circles in Los Angeles is expected as a result of the purported investigation, Davis said.

**DOUBTS POLICE INVOLVED**

"I do not believe that police officers are involved in this situation, it exists. Efforts to apprehend prohibition-law violators, the meeting out of justice at the San Pedro police station, have been made with

as much earnestness as at other stations. However, I'll look into this."

Commander Covell, in charge of the San Pedro base of the Coast Guard service, yesterday called attention to the seizure of five boats made during the past few weeks by his force. Among the seizures, which included considerable liquor and the arrests of two men, were the Jackie, the Mauritius, 1001 and the SSS. He declared he has been working with Otford in an effort to cope with the situation, and expressed surprise that his men are under suspicion.

He made an exception of Boatwain De Zeeuw and crew of six, under arrest because of an episode now being investigated by Federal authorities, as publicly related in newspapers.

Covell said the government's equipment is ineffective to cope well with rum-runners.

The San Francisco news dispatch does not quote Otford, but quotes Green and speaks of Neary having just returned from Los Angeles. Conventions attributed to Green convey the impression that prohibition enforcement in his territory is excellent, and that enforcement in the Los Angeles territory is terrible.

"That's a lot of blarney, and an effort to make his own skirts look clean," snorted one official, who declined to discuss the situation further.

## Fight Opens to Keep Mrs. Day Out of Prison

CHICAGO, July 14. (AP)—After a conference with Mrs. Bernice Day and her mother, Mrs. Grace Lundstrom, Max Lewis, Los Angeles attorney, started for California tonight to file a petition for a rehearing of Mrs. Day's case in the Supreme Court of California within ten days.

Mrs. Day, who is free on \$10,000 bond until the 20th, last, faces a prison sentence for throwing acid at her young husband, Darby Day, Jr., son of a wealthy Chicago insurance man.

**Blast and Fire Destroy Cold Storage Plant**

SPOKANE, July 14. (AP)—Following an explosion, the main building of the Stanton cold storage plant at Opportunity, in the Spokane Valley, was burned to the ground early this morning, and several secondary buildings were damaged by flames. The entire plant is valued at \$125,000. The larger building is said to have been valued at \$110,000, with 60 per cent covered by insurance.

Some valley growers believe the plant was maliciously dynamited, though others attribute the explosion to ammonia tanks.

Loss of the cold storage and cannery plant is a heavy blow to producers of the valley, according, as it did, adequate facilities to care for their surplus crops.

## TALE OF LIQUOR BRIBE RELATED

Coast Guardsman Testifies at Trial of Dwyer

Asserts Cash, Car and Fine House Offered

Seaman Tells of Thrills in Rum-Running Game

NEW YORK, July 14. (AP)—A Coast Guardsman testified today at the trial of William V. Dwyer and nine others, charged with conspiracy to violate the Prohibition Act, to having been offered bribes by two of the asserted "rum king's" aides. The bribes offered were asserted to be \$25,000 in cash, a house on Long Island, an automobile, a diamond ring and a \$150-a-week job.

The guardsman, John H. Reader, declined the offers, he said, although he was making only \$40 a month. The bribes were offered him, he said, when he and another Coast Guardsman, Robert Sanderson, boarded the vessel Clowry, overtaken in Ambrose Channel with a load of liquor.

The evidence was corroborated by Sanderson.

Reader identified the supercargo of the Clowry as Charles A. Smith, the government witness who has testified to having made more than 200 rum-running trips for Dwyer at \$200 a trip. Smith now is employed at \$60 a week in reconditioning a Treasury vessel.

The defense abruptly ended its cross-examination of Smith, after it had questioned him concerning only two of the 200 trips he said he had made between rum row and the shore. The defense did not examine Reader.

Reginald Rigg, a seaman, also testified today, telling of having been employed by the Dwyer syndicate, which is asserted to have brought \$40,000,000 worth of liquor into the country on various rum-runners.

He told of numerous adventures on the blockade, including how the crew scuttled one vessel laden with liquor when it was about to be seized by a rum chaser.

**CLARK WILL CASE UP FOR ARGUMENTS**

Counsel for Plaintiffs in Contest Action Rest After Rebuttal Evidence

BUTTE (Mont.) July 14. (AP)—The contest over the will of the late Senator William Andrews Clark of Montana, reached the stage for final arguments to the jury today when counsel for the three women plaintiffs who claim to be the legitimate daughters of the late copper magnate and ask a share of the estate rested their case after presenting perfunctory rebuttal testimony.

Each side was granted two hours for argument, and Judge Lynch announced that night sessions would be held.

Today's session was largely occupied with arranging a stipulation between attorneys by which they agreed to limit the proceedings to a strict legal determination of the rights of the claimants—Addie Clark Miller of Denver, Effie Clark McWilliams and Alma Clark Hines of Missouri, who assert that Senator Clark was their father and deserted them and their mother at Stewartville, Mo., in 1879.

Today's proceedings were an anticlimax to the closing testimony presented by heirs to the Senator's estate. The last defense witness—Mrs. Anna A. Clark of Butte—testified on Tuesday that she had married the plaintiff's father after he deserted his family and that the man she married and the late Senator were not one and the same person.

Willie Hunter, the greatest money player the game of golf has ever known, will make his California debut early next week according to Willie Hunter, of the Brentwood club who arrived home yesterday after coming within eight strokes of winning the national open championship at Columbia.

#### FRENCHMAN SETS WORLD TRACK MARK

Americans Star in Meet Pulled Off at Pershing Stadium in Paris

PARIS, July 14. (Exclusive)—Three American athletes who crossed the water to compete with Oxford and Cambridge last Saturday, placed in their respective events in the international track and field meets in the Pershing Stadium, which was featured by the breaking of the world's record for the 1000-meter run by Bahaton, a Frenchman. He covered the distance in 2m. 27.1-sec., breaking the record of the Swedish star, Lundgren, by 1.3-10s.

Thorn of Princeton took third in the 100-meter dash, which was won by Cherbonney, star French sprinter. Gullivan of Cornell took third in the shot-put with twelve meters, eighty centimeters, against. Dubour of France with thirteen meters, fifty-seven centimeters.

Bontegou, Cornell pole vaulter, placed second in the pole vault.

#### FAVOR DELANEY OVER CHAMPION

Astoria Assassin Battles Jack Third Time

Challenger Already Under Weight Limit

Promises to Draw Biggest Gate of Season

BY WESTBROOK FEGLER  
NEW YORK, July 14. (Exclusive)—The rumble of the straw ballot that always breaks out in New York when a prize fight of major importance is about to transpire, can now be heard with the naked ears in several localities, indicating that the customer has a found some one to take the place of Jack Dempsey for the time being, at least.

Paul Berlenbach, the popular horrible example, who likes to tell people how he saw the light and was saved from the wrestling business, drew a noisy quorum of neighbors to the Berlenbach front stoop as he arrived home this evening from his two weeks' training holiday down in the applejack distillery belt of rural New Jersey.

Over in Brooklyn, where Uncle Wilbert Robinson's Dodgers comprise a rather shabby athletic ideal, there was some curious milling around the knothole peeping at the Dodgers' ball yard where Berlenbach and Jack De-

#### WALTER MAILS PITCHES TODAY

Chatty Hurier to Oppose George Hollerson at Wrigley Field

Walter Mails, who would rather talk than be president, will pitch today's game for San Francisco. The chatty chucker, who has given thousands of Coast League fans no end of chuckles, will oppose George Hollerson, sensational young Hollywood twirler. Mails is a southpaw, mentally as well as physically. At that, "Nutty" is a fine twirler and a corking pitcher's battle should result. The game starts at 2:45 p.m.

#### STARS MAKE IT TWO IN A ROW

Seals Drop Lissless Game to Sheiks, 8 to 3

"Hank" Hulvey Turns in His Ninth Victory

Johnny Kerr Hits Home Run With One Man On

BY BRAVEN DYER  
Although they do say it is impossible to coax blood from a turnip, the Hollywood Stars made eight runs blossom from five hits yesterday afternoon, and as a result trimmed the San Francisco Seals, 8 to 3, the runs being much more valuable to the Seals than any amount of claret that might be squeezed from the depleted garden product. The victory was the second in as many days for Oscar Vitt's boys.

The Seals have apparently forgotten that they have a new manager, and are supposed to disport themselves differently than when under the guidance of Bertie Ellison. Yesterday's exhibition was so slow and listless that the assembled fans would have fallen asleep early had it not been for the presence on the coaching line of Walter Mails, he of the large chest and busy tongue. "Nutty" Walter strode up and down now and then, allowed the bugs to look him over, and frequently offered the umpires advice on how the game should be run.

While the Stars were manufacturing their eight runs from five hits, the Seals were fattening their respective batting averages with no less than a dozen bingles. The Bay City athletes were purely selfish in their stick work, however, refusing to produce any runs at all except in innings when the Stars big-heartedly committed an error or two. No less than four miscues were made by Vitt's charges, and each

### WRESTLING KING GAINS ONE FALL AND DECISION

Champion Flops Challenger After One Hour and 43 Minutes of Grappling at Olympic

BY PAUL LOWRY  
If it ever comes to a point of deciding the world's heavy-weight grappling title by a popularity contest Nick Lutze will win hands down. The ex-collegian made a bold bid for Joe Stecher's crown in the orthodox fashion at the Olympic Auditorium last night but lost after a torrid encounter with the scissors expert.

Lutze was cheered in defeat and Stecher, the sphinx of the mat, was booed in victory along with Referee Tommy Travers.

In being hissed for triumphing over his rival, Stecher now joins hands with Jimmy London, who once held the mat populace of this city in the palm of his hand. Jimmy awayed them body and soul until Lutze came to town. Now the ex-collegian is the prime favorite.

There was no question about Lutze's defeat last

**JOE STECHER**

(Continued on Page 3, Column 1)

### HELEN WILLS PREPARING TO DEFEND TENNIS TITLE; WILL WAIT TWO YEARS FOR SUZANNE

NEW YORK, July 14. (P)—Helen Wills, America's queen of the courts, will wait two years before undertaking another foreign invasion in the hope of conquering a French rival, Suzanne Lenglen.

Coupled with that announcement by the national champion upon her return from Europe to day with other members of the Wightman Cup team came word from Miss Wills that she will begin practice Friday with a view of defending her title late next month at Forest Hills, N. Y., interrupted in her European campaign a little more than a month ago by an operation for appendicitis.

The champion said she was "feeling fine" and expected to resume tournament competition August 2 in the annual invitation event at Seabright, N. J.

The California girl, whose thrilling tennis duel with Miss Lenglen last February at Cannes attracted world-wide interest, was unwilling to venture an opinion as to whether she could defeat the French star in a return engagement. But Mary A. Browne, Wightman team captain, frankly admitted Suzanne to be "a most wonderful player—the best in the world today."

Miss Browne, who twice was defeated by Suzanne, tempered that admission by an expression of confidence in Miss Wills, asserting the latter "would have done exceptionally well against Lenglen at Wimbledon."

Players must compete against the French girl several times to "get" her style, she explained. She said she did not believe, however, that the champion ought to attempt to defend her crown this year. "If she does, it may wreck her health," the Wightman team captain continued. Miss Wills' manager, Mr. J. H. P. Brown, who twice was defeated by Suzanne, tempered that admission by an expression of confidence in Miss Wills, asserting the latter "would have done exceptionally well against Lenglen at Wimbledon."

### SERAPHS BLANK ACORNS

Day Allows Six Scattered Hits as Kunz Blows Up in Seventh; Angels' Lead Increases

BY ROBERT RAY  
"Times" Staff Correspondent  
OAKLAND, July 14. (Exclusive)—With Clyde (Pea Ridge) Day, heretofore considered a weak sister on the Angel pitching staff, chucking great ball and holding the Oaks to eight scattered hits, Marty Krug's soaring Seraphs made it two straight over Oakland by blanking the Acorns, 3 to 0, at Emeryville today. Day was in trouble on but three occasions and struck out seven Oaks, so good was his fast one buzzing up to the hitter.

For six innings Earl "Pinches" Kunz gave Day a hurling battle, but in the seventh the Angels got to the pudge, and the Seraphs' lead increased to 3-0.

## Invariably--

people who buy new Cadillacs have cars of substantial quality to trade in.

Naturally our stock of used Cadillacs is the finest in the city, but we take equal pride in the excellent condition of our Buicks, Packards, Peerless, Lincolns, Franklins and other well-known makes.

They are better values because they were used and cared for in the fashion you would expect from well-to-do and conservative owners, plus the fact that we go over them thoroughly before we offer them for sale.

## ROBERT SCOTT GIVEN LIFE

Judge Blames Brother for Slaying of Drug Clerk  
During Robbery

CHICAGO, July 14. (AP)—Robert Scott today was sentenced to life imprisonment for the murder of Joseph Maurer, a drug clerk. Superior Judge Gemmill, who passed sentence after hearing evidence for three days, blamed Scott's brother, Russell, who is under sentence to be hanged on October 18 for the crime, for the fatal shooting on April 2, 1924, when the Scott brothers were charged with the robbery of a drug store.

Scott was not even asked to rise as the court imposed sentence and neither he nor his aged father, Thomas Scott, nor his mother, Mrs. Billie Scott of Cleveland, O., displayed emotion.

Judge Gemmill characterized the killing of the young clerk as "the most cowardly and cruel murder I have ever heard of since I have been on the bench."

Maurer was shot down, the prosecution contended, while scuffling with Robert Scott for possession of the latter's revolver. The testimony of the sidewalk, scattering scores of men and women.

Miller took refuge in a store entrance and opened fire with a large caliber automatic. The police returned the fire from several directions, and the whole district was thrown into panic by the screams of the wounded and the crash of shattered plate-glass windows. After five minutes Miller fell, too weak to continue firing.

SCORE FAINT  
Ambulance surgeons attended a score of women who fainted or became hysterical.

Miller was said to be in a critical condition.

Philip Argus of Bayonne, N. J., was shot in the leg, his daughter, Edith, 18, was wounded in the arm.

ASKS ALIENS BE DEPORTED  
SANTA CRUZ, July 14. (AP)—The Santa Cruz Rod and Gun Club has adopted a resolution to be sent to the State Fish and Game Commission and the Immigration Department proposing that all alien visitors be deported.

HITS COSTLY  
PLAYS GIVEN  
BY SCHOOLSCommissioner Deplores  
Lack of Responsibility in  
Handling Funds

SAN FRANCISCO, July 14. (AP)—Presentation of elaborate class plays and costly student publications in scores of senior high schools in California are "serious menaces to student progress and should be curbed," says the biennial report of Albert G. Olney, retiring commissioner of secondary schools, presented to the State Board of Education in session here.

The report also deplored the lack of responsibility for custody of large sums of money derived from student activities.

As a remedy, Olney recommended that elaborate class plays give way to simple, one-act plays, and that all student publications be held down to a modest outlay. He also recommended the creation of high school boards for the care and disbursement of funds derived from "extra-curricular" activities.

The production of senior plays "sap the physical and mental strength of students when they need it for their regular class work," the report says.

In connection with the custody of school funds the report states that "there have been too many cases of actual embezzlement already to permit the practice to grow."

## MANNING SIGHTS JAZZ END

Episcopal Bishop, Sailing for Europe, Says Youth  
Sets Chart for Higher Plane of Living

NEW YORK, July 14. (Exclusive)—The end of the jazz age is in sight, said the Rt. Rev. William T. Manning, Episcopal bishop of New York, today when he sailed aboard the Cunard liner Berengaria for a vacation abroad with his wife and two daughters, the Misses Elizabeth and Frances Manning.

"None who read history," said Bishop Manning, "can think that the world is growing worse. On the whole, it is becoming better."

"Smoking and drinking among women are but a part of the jazz period and are beginning to right themselves. The youth of this age have too much sense to continue this sort of thing. A canvass of colleges recently indicated that less liquor is being consumed."

"The jazz age has reached its peak and we are coming to a more normal outlook. Music, literature and the other departments of life have reflected the jazz age, but they, too, are showing signs of returning to normality."

"Because of the sincerity and desire to face facts, the youth of this age, more than in any other age, is asserting itself through its religion and good sense. They will right themselves."

Dr. Manning, who will attend a meeting of the continuation committee at Bern, Switzerland, August 23 to 25, next, as a representative of the Episcopal Church, is hopeful of the eventual reunion of Protestants and Catholics in one church. For the last ten years a committee has been planning a world conference on "faith and order" to be held at Lausanne in August, 1927.

That meeting, Dr. Manning trusts, will result in unity of all Christians. "We hope in time it will lead to complete unity," he said.

One of the first questions to be taken up will be uniform laws for marriage and divorce in all churches.

Heals All Skin Ills  
Zemo Soothes, Heals, Gives  
Instant Relief

All skin troubles quickly disappear with the use of Zemo. Often a single application heals minor blemishes over night. Zemo is a cleansing antiseptic liquid that penetrates below the surface and quickly stops itching, burning, chafing and all skin sores or eruptions. It does not show and is ideal for daylight use. For overnight application use Zemo ointment, which has the same healing and soothing properties.

As a preventive of skin troubles use Zemo soap, antiseptic, fragrant; will keep your skin white and cool. Every good druggist can supply Zemo, 60c and \$1.00.—[Advertisement]

WOMEN OF  
MIDDLE AGE

Praise Lydia E. Pinkham's  
Vegetable Compound

Mrs. Annie Kivinski of 536 1st Avenue, Milwaukee, Wis., writes that she became so weak and run-down that she was not able to do her housework. She saw the name Lydia E. Pinkham's Vegetable Compound in the paper and said to her husband, "I will try that medicine and see if it will help me." She says she took six bottles and is feeling much better.

Mrs. Mattie Adams, who lives in Downing Street, Brewton, Ala., writes as follows: "A friend recommended Lydia E. Pinkham's Vegetable Compound and since taking it I feel like a different woman."

With her children grown up, the middle-aged woman finds time to do the things she never had time to do before—read the new books, see the new plays, enjoy her grandchildren, take an active part in church and civic affairs. Far from being pushed aside by the younger set, she finds a full, rich life of her own. That is, if her health is good.

Thousands of women past fifty, say they owe their health to Lydia E. Pinkham's Vegetable Compound.

This Man Intends to  
Keep It in the House

In May or June, 1913, I got four bottles which were worth many dollars to me. They enabled me to go to work again. I had lost 40 pounds, but these 4 bottles of MAYR'S for stomach trouble gained back all I had lost and I feel like a new man since. I shall keep it in the house all the time."

It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and always the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists.—[Advertisement]

# BILL THAT NEVER PASSED SIGNED

**Clerks Make Mistake and Coolidge Affixes Name to the Wrong Measure**

WASHINGTON, July 14. (P)—Just a few minutes before the close of the recent session of Congress, President Coolidge signed a bill which had never passed in place of a measure that had received the approval of both houses.

The mistake was caused by a clerk confusing the numbers of the two bills, and William Tyler Page, clerk of the house, still is trying to straighten things out.

One of the half-hundred or so bills rushed through the Senate on the last day was House Resolution 10,540 proposing an appropriation of \$10,000 for Indian affairs. But a Senate clerk in his haste to relay all bills approved to Speaker Longworth and Vice-President Dawes for signature, signed up House Resolution 10,541 which would provide for a monument at Shiloh battlefield, and it was this latter measure the President signed.

# FIVEFOLD GAIN MADE BY DEBTS

**Riley Sounds Warning as State, City and County Bonds Reach \$609,549,227**

SACRAMENTO, July 14. (Reuter)—The total bonded debt of all forms of government in California was shown to be \$609,549,227 in a report covering fiscal transactions for the year ending June 30 issued here today by State Controller Riley.

This, the Controller said, is an increase of \$78,549,227 over the fiscal year ending June 30, 1925, and represents an increase of 345 per cent over 1911.

"During the period since 1911," the report adds, "the assessed value of nonexempt property, which is liable for the interest and redemption of bonds, increased only 160 per cent. Carrying the indirect warning that cities and counties will have to draw the line soon against further increases of the bonded debt, Riley's report shows that the 1925-26 increase is substantially in the same ratio as during the last several years.

The bonded debt, he says, represents 10.3 per cent of the total assessed value of nonexempt property as compared with 4.3 per cent in 1911. Cities are shown to have had the smallest percentage of increase in the bonded debt since 1911. The debt of municipalities increased 331 per cent while in the same period the bonded debt of counties increased 365 per cent.

# Kirby on Way to Serve Long Term in Prison

CLEVELAND, July 14. (P)—Josiah Kirby, former president of the Cleveland Discount Company, started for the Atlanta Federal prison today to begin a seven and one-half year sentence imposed on him for using the mails to defraud. His conviction was arrived at after two trials in the Federal courts following the collapse of the company of which he was head.

Kirby unexpectedly was taken to the County Jail last night and lodged in a cell. Following his conviction and sentence Kirby was released under \$35,000 bond in order that he could go to his home in California and arrange his business affairs. He was scheduled to report here in June, but was given a month's extension, the court deciding that the United States Marshal as the official to whom Kirby should surrender.

A week ago, just before leaving Los Angeles for Cleveland, Kirby was given a testimonial dinner by forty-five business men of the western coast. Following the dinner he was presented with a message of good will "printed on parchment which was signed by those who attended the function.

# Soviet Attacks Bulgarians for Aiding Refugees

MOSCOW, July 14. (P)—George Tchitcherin, the Soviet Foreign Minister, has sent a strongly worded note of protest to the Bulgarian government against asserted tolerance by the latter of the repatriation of the Russian refugees whose passports have not been used by the Russian authorities.

The protest says that Russia holds Bulgaria responsible for measures it will be compelled to take against the persons repatriated as well as against the officers of the vessels engaged in smuggling them into Russia.

The Soviet official contends that those persons asserted to have been smuggled into Russia are active opponents of the Russian government.

# AMERICAN STUDENT MISSING IN MEXICO

MOGUALES (Ariz.) July 14. (P)—Hills near Mexico City are being combed for Edward Gallagher, Marysville, Kan., a student at the National University summer school, who disappeared more than a week ago. Gallagher disappeared while on a visit to "Desert of the Lions," a ruined monastery.

# DEATH WARRANT FOR GUARD SLAYER SIGNED

BALTIMORE, July 14. (P)—Gov. Ritchie today signed the death warrant for Richard Reese Whittemore, bandit and slayer of a Maryland penitentiary guard, asserted today. The Governor designated Friday, August 13, as the execution date.

# FLOOD-CONTROL RULING DELAYED

**Pasadena Brief on Forks Dam Not Received**

# Taxpayer's Association Has Papers on Way

**Decision on Permit May Be Given in Week**

WASHINGTON, July 14. (Reuter)—There will be delay of a day or two in preparing the decision on the application of the Los Angeles county flood-control district for a permit to build a flood-control dam at The Forks, in San Gabriel Canyon and to build a construction railroad up the bed of the canyon to the damsite, due to the fact that Pasadena's brief due today has not reached the Interior Department.

The Secretary's office received a telegram from Col. Howard of Pasadena saying the brief had been forwarded by air mail on the 13th inst., which should land it in Washington tomorrow.

Inasmuch as the brief was mailed before the expiration of the thirty days granted by Secretary Work, Acting Secretary Finney ruled that the brief would be received and considered even though late in reaching Washington. The same air mail that is bringing the Pasadena brief evidently is bringing a statement forwarded by the California Taxpayers Association as Milbank Johnson, chairman of the board, wired from Los Angeles that the statement is on the way via air mail.

# WILL GET OTHER BRIEF

Inasmuch as a delay has been granted on account of the Pasadena brief the department also will consider the statement submitted by the Taxpayers' Association. This association had asked for opportunity to send a representative to Washington to present an argument in support of its statement but Secretary Finney replied that no further hearings can be granted, nor are they necessary.

F. H. Newell, former director of the Reclamation Bureau, has been employed by Pasadena to submit a separate brief, but this brief has not been turned over to the department. The Newell brief, if delayed, will not hold up proceedings, but that was not included nor contemplated in the thirty-day extension granted Pasadena.

# SPRY TO GIVE OPINION

On receipt of the Pasadena brief and that of the taxpayers the papers will be digested by the General Land Office and by the Forest Service. Land Commissioner Spry preparing a recommendation to the Secretary of the Interior and the Forest Service submitting his views to Secretary Jardine.

In the absence of Secretary Work, Acting Secretary of the Interior Finney will confer with Secretary Jardine or some one representing him and soon thereafter a decision will be announced. Secretary Work's early statement at the time of the hearing, June 14, was that a decision would be announced within a week after the Pasadena brief was received. There is every reason to expect that the two departments will act in accord in deciding this controversy.

# MEMBERS OF CABINET TAKE OATH

**Sir Henry Drayton Enters Meighen Government but Without Portfolio**

OTTAWA (Ont.) July 14. (P)—The ministers of the Conservative government of Arthur Meighen were sworn into office at the Government House yesterday evening. With the announcement of the constitution of the Cabinet, an official statement was given out from the office of the Prime Minister. His outstanding feature was that Sir Henry Drayton, repeatedly mentioned as the probable new Minister of Railways, enters the government without portfolio.

In the absence of Premier Meighen on his campaign tour, Sir Henry accepted the acting Premiership. The Cabinet is constituted as follows: Prime Minister and Secretary for External Affairs, Arthur Meighen; Secretary of State, Sir George Perley; Minister of Finance, R. B. Bennett; Justice, E. L. Patenaude; National Defense, Hugh Guthrie; Customs, H. H. Stevens; Agriculture, S. Y. Tolmie; Railways, W. A. Black; Postmaster-General, R. J. Manion; Trade and Commerce, J. D. Chappin; Labor, George B. Jones; Public Works, E. B. Ryckman; ministers without portfolio, Sir Henry Drayton, Donald Guthrie, H. D. Morand, and John A. MacDonald.

# AMERICAN STUDENTS CHEER LADY ASTOR

LONDON, July 14. (Reuter)—The solemn maw of the House of Commons resounded with cries of "atta boy" as Lady Astor defied the speaker and forced a suspension. It all happened in a mock sitting staged by "Speaker" Sir Samuel Chapman, Member of Parliament, and Lady Astor as entertainment for nearly 900 American college students, professors and teachers traveling under the auspices of the Art Trust Guild of Chicago on their tour of the British Parliament. With the visitors occupying the members' benches, Sir Samuel mounted to the speaker's chair and Lady Astor rose to make a fiery speech on the war debts. The speaker called her to order but Lady Astor refused to resume her seat until the booming chorus of almost sacrilegious "atta boys" forced her to retire laughing.

# ANTI-FASCIST CHIEF FACES SECOND DUEL

MILAN (Italy) July 14. (P)—Gen. Benicovich, as a leader of the opposition to the Fascist government, faces two duels as a result of recent criticism of an article written by Arnold Mussolini, brother of the Premier. Arnold Mussolini sent the general a challenge a few days ago while Sandro D'Altilia, one of the editors of Popolo D'Italia, sent him a challenge today.

# Two Chosen to Test Assailant of Mussolini

ROME, July 14. (P)—Two psychiatrists have been appointed a committee to determine whether the Hon. Violet Albina Gibson, sister of Lord Ashbourne, was mentally responsible, either partially or totally, on April 7, when she shot and slightly wounded Premier Mussolini.

A Rome dispatch early in May said counsel for Miss Gibson would plead insanity and ask that she be confined for life in an asylum. Mussolini was shot through the nostril with a pistol bullet of small caliber. He has suffered no serious effects from the wound.

Pasadena is suffering seriously from a bad-crop season.

# Bankers Urged to Learn Use of Correct English

DALLAS (Tex.) July 14. (P)—Correct English in letters is a necessary aid to good banking, young bankers attending the American Institute of Banking convention were told here today.

The speaker was Waldo J. Marra, correspondence director of the Bank of Italy, San Francisco, and instructor in business English at the University of California.

Marra said a survey of thirty-five banks in a city of 1,000,000 population showed 90 per cent of the bank's letters to be defective. Stereotyped language, awkward phrases, wrong use of words and incomplete sentences were the principal defects.

Cavalla, Greece, is to have a new port, constructed by a Greek firm.

# Universal Chain Theaters Adds 28 New Houses

NEW YORK, July 14. (P)—Universal Chain Theaters Corporation announced today that it had acquired twenty-eight motion-picture houses, making 191 now in operation, and that thirteen others are under construction. Eleven of the newly acquired properties are operated in Phoenix, Tucson and Mesa, Ariz., by the Rickards and Nace Amusement Enterprises, Inc.

The corporation was organized in December, 1925, with ninety-one motion-picture houses. The present number of theaters represents an increase of more than 100 per cent in seven months. The company is negotiating for additional chains.

## I WANT

a financially responsible associate, a business man with vision, able to pool approximately \$15,000 against my like interest, to help me expand a going established business growing every day. I have a fast selling product, a large universal market, plus big accumulative profits. Invite the most rigid investigation. Reference given and expected.

## PARIS GAY ON BASTILLE DAY

French Hold Greatest Fete of  
Recent Years

Rivera and Sultan Guests at  
Army Review

Reds Arrested for Jeering  
Moroccan Ruler

PARIS, July 14. (AP)—France's national holiday was marked today by the greatest Bastille Day parade in recent years, with the Spanish dictator, Primo de Rivera, and the Sultan of Morocco, Mulai Youssef, as guests of honor.

Communist elements seized the occasion for a demonstration and twenty persons, including M. Joly, a member of the Municipal Council, were arrested for jeering at the Sultan in the Champs Elysees when he drove up with President Doumergue to review the troops.

American flags were noticeably absent from the decorations, as were British flags.

ALL UNITS PRESENT  
Units from every arm of the service, from Senegalese troops to the heaviest motorized artillery, passed in the review.

Hundreds of thousands of spectators packed the Champs Elysees and other avenues leading to the Place de l'Etoile, site of the Arc de Triumphant and the tomb of the unknown soldier.

Marshal Fain and Primo Rivera arrived at the review in the early afternoon, as did the American Ambassador, Myron Herrick, and others. Crowds were massed in the Champs Elysees to see the cars of the officials pass and the Communists and other radical elements were set for a demonstration against Primo de Rivera and the Sultan.

They were disappointed in the case of the Spanish dictator, as he already was at the Arc de Triumphant, but derisive whistles greeted the Sultan when he passed with President Doumergue in an open automobile.

The cheering of officials at the Arc de Triumphant presented a scene of color and brilliance. There were 100 Moroccan in white burnouses, French generals in blue and gold, French naval officers in black and gold, and foreign ambassadors and members of the glittering uniforms of their various countries.

THE WHISTLING AND CHEERING was about even, but the President by continually bowing and doffing his hat, gave the impression to the Sultan that the crowd was according him a warm reception.

## PURE RACE IDEA OF CONQUERORS

Mexican Explains Theory of  
Dominating Peoples

English, Spanish Colonial  
Methods Compared

Speaker Urges Far-Sighted  
Collaboration

CHICAGO, July 14. (Exclusive)—"The so-called pure race theory is nothing but the theory of the dominating people of every period of history," Jose Vasconcelos, former Mexican Secretary of Education, declared in speaking at the University of Chicago on "The Race Problem in Latin America."

The lecture was one of the Norman W. Harris Foundation series, being delivered at the University on the Mexican situation.

The fundamental differences between the English and Spanish methods of colonization were dealt with by the speaker, who pointed out that the Spaniards had chosen to assimilate the conquered Indian peoples, while the English had pushed them ever back and maintained their English strain.

In Latin America the subjected civilization and subjected people have had their profound influence, but the spirit of the people remains essentially Spanish, Senator Vasconcelos asserted.

"Where the theory of a superior race is set up the subject races must inevitably grow in numbers to combat the superior race," he said, "and overwhelm the ruling race, the speaker declared.

DISCUSS THEORY  
"If we do not wish to be overwhelmed by the wave of the negro, the Indian and the Asiatic," he asserted, "we have to see that the negro, the Indian and the Asiatic are raised to higher standards of life, where reproduction becomes regulated and quality predominates over numbers."

The policy of segregation of the races and the policy of evaluating the Indian or any other race of our Latin American countries according to separate standards of any sort, he said, would be doubly fatal because we do not have that element of pure racial stock that could undertake in our land that supposed leadership that has been taken over here, by the New Englander.

Even if it should be true that this unimpaired white leadership has created the greatness of the United States, we do not have in Mexico anything equivalent to this root. Our progress may have been delayed on this account but there is nothing left for us, but to go ahead with the situation that nature has made for us and instead of a blind copying of methods, we should go along creating what is required by our problem and mission.

"For us there is only one sound race policy, and that is the policy of old: the policy of the Spaniard, who took it for granted that we are all potentially different and that we are bound to respond differently according to the call made upon us, each bearing his treasure that comes from his parents still ready, the light at the proper moment in the time of need.

DISTRUST ASSAILED  
"If the mad competition and distrust of the present-day can be overcome," he concluded, "every race will then be able to work for the achievement of quality and none of them will be devoted merely to creating numbers. Thereby the present-day danger of the overpowering of the superior few by the uncivilized many will disappear."

"If we turn selfish competition into far-sighted collaboration it will not even matter much that we follow the pure race—the one race—standard, or the mixed race standard. The very gains of difference of skin and temperament that today seem distressing may become useful and even pleasing the moment that we learn to develop a task in which every singular capacity finds a purpose and a reward."

"The United States and Mexico" will be the topic of the lecture today by Prof. Herbert I. Priestley of the University of California. The final lecture of the series of ten will be delivered Thursday afternoon at 8 p. m. at the University of California.

THE WHISTLING AND CHEERING was about even, but the President by continually bowing and doffing his hat, gave the impression to the Sultan that the crowd was according him a warm reception.

The gathering of officials at the Arc de Triumphant presented a scene of color and brilliance. There were 100 Moroccan in white burnouses, French generals in blue and gold, French naval officers in black and gold, and foreign ambassadors and members of the glittering uniforms of their various countries.

## GEN. NOBILE WELCOMED IN NEW YORK

Designer of Norge, With  
Canine Pole Hero in Arms,  
Wildly Cheered

NEW YORK, July 14. (AP)—Gen. Nobile, builder of the airship Norge, who flew over the North Pole with Amundsen and Ellsworth, rode down Fifth avenue today between ranks of cheering New Yorkers and in his arms he held his favorite dog, Tittus—the first animal to fly over the top of the earth.

Gen. Nobile arrived from Chicago and was greeted at Grand Central Terminal by a crowd which included a body of 400 Fascists, wearing the black shirts of the followers of Mussolini.

Between solid ranks of waving, cheering admirers, Gen. Nobile strode to his automobile, a strikingly slight figure when considered in relation to his exploits. Hardly more than 5 feet tall, he was dressed in the uniform of a colonel, his elevation in rank being so recent that he had not yet obtained his new insignia.

A welcoming committee from City Hall greeted the aviator and congratulated him on his exploit.

FIGHT FROMOTER CRASH VICTIM  
MILWAUKEE, Wis., July 14. (Exclusive)—Roy Castellan, 36 years of age, a well-known night promoter and baseball enthusiast, was killed when a car in which he was a guest turned over on a curve on the Superior-Miami road. He was a native of Nogales, Ariz., and for years lived in Tucson, where his parents still reside. A widow survives.

THE WHISTLING AND CHEERING was about even, but the President by continually bowing and doffing his hat, gave the impression to the Sultan that the crowd was according him a warm reception.

The gathering of officials at the Arc de Triumphant presented a scene of color and brilliance. There were 100 Moroccan in white burnouses, French generals in blue and gold, French naval officers in black and gold, and foreign ambassadors and members of the glittering uniforms of their various countries.

## MEN WITHOUT A COUNTRY

At Least 1,000,000 of Them in United States Due to  
Immigrant Restrictions, Says Official

WASHINGTON, July 14. (AP)—The "men without a country" of book fame would have plenty of company were he to set foot on American shores. More than 1,000,000 persons in the United States, or approximately 1 per cent of the total population, are in the same fix, and most of them don't know it.

"You can safely say," he asserted, "that there are over 1,000,000 people in this country today who can not claim citizenship of any land. A great majority of them are unaware of this, but quite a few of them who are, don't seem to care."

The commissioner explained that this huge total of "outcasts" was created largely by aliens who have overstayed their temporary entries, and by tourists, who, en route to some other country, stopped off here, found a job, and settled down. Many also have over the borders when restrictions were less rigid, lost their original citizenship by remaining here too long and then forgot or ignored American citizenship requirements.

Hull said his bureau never seeks out these noncitizens, but often comes in contact with them. Some are amazed to find out that they have no legal claim to any citizenship when they apply for passports or re-entry permits; others learn about their status when they go before a court to sue or in some other legal proceeding.

"It works the other way around too," he asserted. "An American can go abroad and lose his citizenship here and there also if he is ignorant or careless about the law."

NEGRO KILLED  
STOCKTON, July 14. (Exclusive)—A negro believed to be named Rogers who arrived here recently from Los Banos, was shot through the heart and instantly killed yesterday morning in the Pacific freight yards. Police officers are investigating but have discovered nothing which might lead to the arrest of the man who shot him.

THE WHISTLING AND CHEERING was about even, but the President by continually bowing and doffing his hat, gave the impression to the Sultan that the crowd was according him a warm reception.

ARIZONAN SUES TO BREAK WILL

Share in Brother's Property Asked

Will in Chicago Valued at Many Millions

Complaint Says Signature Obtained by Fraud

PHOENIX, July 14. (Exclusive)—James W. Jones of Phoenix, Ariz. took action in the Federal courts here today which he hopes to set aside the will of his brother, Francis E. Jones, late president of the Melba Manufacturing Company of Chicago, leaving of an estate which the plaintiff estimates at between \$5,000,000 and \$10,000,000.

James Jones was left \$10,000 in his will, with the proviso that the money would be forfeited if the plaintiff made any effort to break the will.

James W. Jones died on November 10, 1914, and later his will was admitted to probate by Probate Judge James M. Jones. The admitted document was valued at \$10,000,000. The remainder has been distributed to the Melba Manufacturing Company of Chicago, another brother of the deceased, the bill asserts.

NOTICIAS MUNDIALES DE ULTIMA HORA

Atendiendo a la importancia que tiene el estudio del español en los Estados Unidos, particularmente en esta gran metrópoli tan inmediata a territorio hispanoamericano, diariamente aparece en "The Times" esta sección española con algunas interesantes noticias de última hora. Tres veces por semana se insertará una lección práctica elemental de castellano, y los lunes encontrará el lector dos lecciones para estudiantes adelantados. A cuantos deseen aumentar sus conocimientos de español les conviene leer esta columna todos los días.

NOTAS TELEGRAFICAS

Llegan a la Meta los Viajeros

Alrededor del Mundo

NUEVA YORK, Julio 14.—Edward S. Evans y Linton Wells han dejado sentado un nuevo record para la vuelta al mundo, pues hoy a las 4:10 p.m. llegaron en un automóvil rápido al borde de la acera, frente al edificio Pulitzer, sito en Park Row, cerrando así un recorrido de 20,100 millas por mar y tierra, realizado en trenes y buques expresos, aeroplanos y automóviles. El tiempo oficial de duración de su vuelta al mundo ha sido de 28 días, 14 horas, 30 minutos y 31 segundos. Fue anunciado lo anterior por Vilhjalmir Stefansson, el explorador ártico, que salió a su encuentro para saludarlo al borde de la acera, en su calidad de medidor de tiempo oficial. Felicidades cumplidamente por el éxito de su hazaña.

"Nos hemos divertido muchísimo," dijo Evans al aparse del auto. Wells se contentó con sonreír lleno de satisfacción.

Los dos viajeros partieron de Park Row el 16 de Junio último, a la vez que se celebraba el aniversario de la independencia de los Estados Unidos, después de despedirse de quienes se lo habían ofrecido en el hotel Ritz-Carlton. Se dirigieron rápidamente en auto al "Bathurst" en automóvil, y embarcándose allí en un ligero barco guardacostas, alcanzaron el "transatlántico" "Aquitania," que ya había zarpado e iba hacia abajo.

Regresaron hoy de su larga expedición, vestidos de sucios "overalls" de shaki, con el rostro curtido por los vientos de los ocho países que atravesaron, y embarrados de grasa de los aviones en que efectuaron su recorrido final, desmontaron (Hindes) hasta Mitchell Field (Long Island).

El Enviado de Coolidge

Come con Quetzón

MANILA, Julio 14.—Ha proseguido su investigación de las condiciones de las Filipinas, el señor Carmichael Thompson, representante especial del Presidente Coolidge, y hoy hizo una visita al nuevo capitolio insular, y conferenció con los miembros de la legislatura. Desde su llegada aquí, Thompson ha dedicado su atención a las condiciones económicas y se ha abstenido de discutir sobre política o sobre independencia con ninguno de los líderes filipinos. Sin embargo, hoy comió el almuerzo con Manuel L. Quezón, presidente del senado, y con Manuel Roxas, dos de los más significados partidarios de la independencia filipina.

Reflexos los Yanquis de la Idea que Tienen en Londres del Calor

LONDRES, Julio 14.—Están llegando turistas norteamericanos por millares, en el momento más oportuno para disfrutar de lo que la prensa de Londres, con grandes titulares, llama la peor onda caliente del verano.

Los relatos de los periódicos sobre los estueros que hacen los británicos para refrescarse, han divertido mucho a los yanquis, quienes se pasean por las calles como de costumbre, viendo los londinenses, no acostumbrados a ver dos días consecutivos de sol, andan asombrados, a pesar de que el termómetro no pasa de 79 u. 80 grados.

Los repartidores de hielo han tenido más trabajo que nunca. Hay inusitada demanda de bebidas frías, y sólo a la cámara de los comunes van diariamente dos toneladas de hielo para mantener frescos a los miembros del parlamento.

THE Deauville Beach Club...true in every particular to its world-famous namesake in France...appeals especially to film players and their associates. Planned as a height-limit structure, rising in magnificent proportions on the largest beach area of any club in California...just north of Santa Monica Pier...it will be readily accessible from all the great studio and residential centers. The degree to which this is appreciated is evidenced by the number of applications for memberships already received from men and women prominently identified with motion pictures.

The Deauville Beach Club meets the needs of men and women of all vocations, for their business and semi-business group meetings as well as for enjoying to the fullest extent every phase of seashore life.

You will enter the Club...not from a congested, beach level speedway...but directly from the top of the Palisades on Ocean Avenue, over an arch leading to the fifth floor of the club building. This arch, besides the convenience it affords, will constitute a unique and strikingly beautiful architectural feature.

The great expanse of gently sloping beach, as well as the property on the Palisades, will not be leased, but, through the Deauville Holding Co. will be owned outright. Private and public dining rooms, ballroom, gymnasium, the largest open air sea-water plunge in California, 500 guest rooms, liberal locker accommodations...these are among the features that will make this one of the largest, most completely equipped and luxuriously appointed seashore clubs in America.

A glance at the Board of Governors shows you the men of high standing who are sponsoring the Deauville Beach Club. The regular price of Founder Life memberships is \$200. But a preliminary offering of a limited number is being made at \$100. When these are exhausted, the regular price of \$200 will prevail. All memberships are transferable in accordance with the club bylaws, and are free from liability and exempt from all dues except a moderate locker fee.

At \$200 for a Founder Life membership, the Deauville Beach Club offers you at a most reasonable cost, the means for enjoying beach life at its finest. At \$100 it is an opportunity that probably will never be open to you again.

fare is PAID!

ADY APPOINTED

Will Assist Various Roads in

Car Distribution

More Aims to Avoid Shortage

When Moving Crops

Plan in Operation on Eastern

Lines Adopted Here

Leading shippers, grape growers and

bankers of Southern California met

yesterday in the Southern Pacific of-

fices at the invitation of the Amer-

ican Railway Association and the Pa-

cific Coast Transportation Advisory

Board to consider a plan of car dis-

tribution for the coming grape sea-

son. The likelihood of another re-

cord-breaking movement from Califor-

nia may cause a serious car shortage,

it was explained, unless steps are

taken to properly allocate the refrig-

erators.

To handle the shipping problem

in Southern California a committee

of thirteen members, including ship-

pers, growers and bankers, was ap-

pointed at the meeting. This com-

mittee will distribute rules of pro-

cedure for the shippers and growers

to follow and will set on applica-

tions for cars. Seven other district

committees will perform similar work

in the various grape-growing regions

in California.

As the problem was explained by

Donald D. Conn, manager of the car-

service division of the American

Railway Association, the plan of car

distribution has been in effect in

various industries for fifteen or twenty

years. The coal shipments are regu-

lated by this method, the carriers

supplying the cars to those shippers

designated by the committees repre-

senting all interests. Grain shipments

in the Northwest are also handled

under this plan.

The California grape problem, Mr.

Conn said, is of serious import, to

not only the western railroads, but

the trunk lines in the East. Exclu-

sive of the 6000 new refrigerator cars

under contract for delivery this year

at a cost exceeding \$20,000,000, the

ownership of refrigerator cars of the

Pacific Fruit Express and the Santa

Railway Association has been in-

creased from 35,371 cars in 1920 to

110,000 cars in 1925, or an increase of

100 per cent. The increase in equip-

ment, he said, has been primarily for

the movement of grapes.

Eastern trunk lines, because they

are without knowledge of the re-

quirements for California grapes, are

unable to determine if greater ter-

restrial facilities are needed, or what

extra equipment must be in in-

creased. This situation, ac-

cording to Mr. Conn, requires full

co-operation between all parties con-

cerned if the grapes are to move ex-

peditiously from the State.

Members appointed on the commit-

tee for District No. 8, comprising

Southern California, are: President

## BOLSA CHICA

OIL IS LISTED

FOR TRADING

First Call of Stock on

Local Exchange Will be

Next Monday

Capital stock of the Bolsa Chica

Oil Company has been passed by the

board of governors of the Los An-

geles Stock Exchange for listing and

will be called for trading next Mon-

day, according to a statement made

yesterday by H. H. Lee, manager of

the exchange. The ticker code will

be BCO.

The Bolsa Chica Oil Company was

organized under the laws of Califor-

nia, January 3, 1921, with an au-

thorized capital of \$400,000 of

\$1 par value stock. There are 361,

000 shares of stock now outstanding

in the hands of the public. The

company's head office is in Los An-

geles.

Officers and directors of the com-

pany are Frank C. Ayars, president;

John E. Elliott, first vice-president;

James T. Jordani, second vice-pres-

ident; S. A. Reed, treasurer, and Ir-

ving V. Augur, secretary.

The company is located in the

Huntington Beach, Signal Hill, Ven-

tura avenue, Midway and Coalings

fields. Three lots are held at Hun-

tington Beach, where the company is

producing thirty barrels daily. Five

wells are producing at Signal Hill

on the Goodland lease of three lots

and Mutual lease of two and one

half acres. Production from the

Signal Hill wells is running about

200 barrels daily, while the wells in

the Mutual lease are producing

about 100 barrels daily. The company

leased in the Midway field adjoining

the United Oil lease and develop-

ment work is expected to begin there

in the near future. In the Ven-

tura field, where the company holds

a lease on sixty acres, one well was

brought in last Saturday at 800

barrels daily. Two other wells will

be started immediately in the Ven-

tura field. One well is being drilled

on the 1500-acre lease at Coalings

field.

The company's production of oil

is estimated at 1000 barrels daily,

or an increase of 5000 cars over the

record crop of last season. South-

ern California alone is expected to

ship 9000 cars. This situation, ac-

cording to Mr. Conn, requires full

co-operation between all parties con-

cerned if the grapes are to move ex-

peditiously from the State.

Members appointed on the commit-

tee for District No. 8, comprising

## PACIFIC GAS SPLIT-UP DUE

Stock Market Hears Common Will be Reduced to \$25

Par Value; May Include Preferred

BY EARLE E. CROWE

Within a few days the Pacific Gas and Electric Company is expected to

split up its common stock on the basis of four shares of \$25 par value for

one of the present denomination. In New York and San Francisco this

rumor has been actively circulated in the last day or so and is given con-

siderable credence because of the recognized advantages that would accrue

to the company.

Southern California Edison was the

first of the western utilities to reduce

the par value of its capital stocks

from \$100 to \$25. This step was tak-

en after some of the other large util-

ities in the East had experimented

with the plan and found it succe-

ful. Industrial corporations espe-

cially have adopted the populariza-

tion of their shares and to more widely

distribute the ownership of their stocks.

The Edison company undoubtedly was

influenced by both motives, since it

is concerned particularly with the

sale of stock to its customers on the

partial-payment plan.

PRICE TOO HIGH

Pacific Gas, it would seem, has as

much to gain from popularization as

the Edison company. The common is

now selling around 135, or a price

that discourages the sale of the stock

to the public on partial payments.

Small investors are much more eas-

ily persuaded to buy partial-payments

contracts when the price is under

\$50, allowing the completion of the

payments inside of a year. Of course,

Pacific Gas common is now selling at

a premium that will permit the sale

of new stock at par to the existing

stockholders. The utilities, however,

are more concerned with adding new

stockholders.

Like the Edison company did, it

is likely that the Pacific Gas split-up

if it materializes, will include the 6

per cent first preferred stock as well

as the common. In financing new

construction through the sale of

stocks and bonds, a certain propor-

tion must be maintained between

each in order to distribute the

charges and equities scientifically. It

is just about as easy to sell a pre-

ferred stock of \$25 par value as it is

a common stock of the same denomi-

nation.

Naturally one of the possibilities

that the stock market considers in

connection with a split-up is a sur-

plus dividend on the new stock. On a

four-for-one basis, the dividend on

the new common would become five

cents, or the equivalent of 68 on the

old stock. The traders will look for

something like \$2.50 on the new

stock, the equivalent of \$125 on the

old. As they reason the agitators are

old, as likely to demand lower rates

when the company is paying \$2.50

than they would if it were \$10.

The price at which the new stock

will be sold is also a matter of in-

terest to the traders and the stock-

holders. At the existing level around 128,

the price after the split-up would be

32, or the equivalent of 68 on the

old stock. The traders will look for

something like \$2.50 on the new

**CAPITAL**

**ARE you planning to organize a company? Or have you a stock issue to place?**

Our financing service is for organizations desiring to form and finance companies under the guidance of qualified legal, industrial and financial specialists. We are interested in all types of financing.

in need of financing. Not all propositions are acceptable to our service—every new project cannot

success by this or any other plan.  
 But if your predilection is martini-  
 nism, the Low Angines said, where  
 you have martini for one or two  
 years, offers a real opportunity for  
 capital, whether small or large.  
 Before crystallizing your company  
 or deciding your financing plans,  
 run first to consult with us  
 personally.

## PAPERS RALLY TO RICHARDSON

Backed Governor's Campaign Increase

Counties in State Have Strong Representation

Organization Formed During Fight Four Years Ago

Reports from county newspapers of the Richardson campaign committee of Southern California

Gov. Richardson, who four years ago established the precedent of having a volunteer State-wide newspaper men's organization

backed his campaign, will again be backed by more than forty newspapers in the State

and will have more active support than ever before

These reports are based, according to J. H. Cramer, the newspaper men's association, on actual figures of the State-wide

organization, which was formed during the fight four years ago

and is now the largest and most powerful organization of its kind in the State

## American Minister to Sweden

Robert W. Bliss, shown above with his wife, will extend an official farewell to Prince Adolphus when he sails from San Francisco.

## ENVOY TO SWEDEN VISITOR

Constant Companion to Swedish Prince and Princess on American Tour Precedes Royal Pair Here

Robert W. Bliss, United States Minister to Sweden and the constant companion of Crown Prince Gustavus Adolphus and Princess Louise for almost a month in this country, stopped off for a few minutes in Los Angeles yesterday en route to Santa Barbara.

Mr. Bliss will represent President Coolidge and the United States in bidding farewell to the Swedish Crown Prince and Princess when they embark from San Francisco to continue their tour of the world.

The Crown Prince and Princess are expected to arrive here next Wednesday night and to proceed directly to the home of Henry H. Huntington, where elaborate arrangements to receive the royal guests have been made.

Mr. Bliss characterized the Crown Prince as extremely democratic and likeable. He is a keen student of sociological and archeological problems and has manifested enormous interest in the affairs of the United States.

Mr. Bliss will visit his father, William H. Bliss, at Santa Barbara. He is accompanied by his wife and expects to remain in Santa Barbara until the 29th or 30th inst., when he will leave for San Francisco to bid farewell to the nation's royal guests.

## DRAIN "EXTRAS" QUIZ STARTED

Council Committee Inspects West Adams Job

Every Effort Will Be Made to Learn Facts

Engineering Experts Among Witnesses Called

Investigation of the \$1,072,000 West Adams storm drain, sewer and paving improvement on which Contractor Peter B. Gadd's bill of storm drain "extras" was \$284,876, was begun yesterday by the Public Works Committee of the City Council which visited the West Adams district and inspected the entire improvement.

The members of the committee—Chairman Randall and Councilmen Golden and Sanborn—were accompanied on their investigation by City Engineer Shaw and Assistant City Engineer Armstrong, who designed the improvement but who, under the policy of the Board of Public Works, are not permitted to have any authority over the construction work.

Both City Engineer Shaw and Assistant City Engineer Armstrong urged the Council to make a thorough investigation before taking action on confirmation of the assessment.

Following yesterday's investigation Chairman Randall of the committee announced that every effort will be made to obtain all of the facts in connection with the storm drain "extras." He announced that city employees need have no fear of losing their jobs as the result of telling the committee and the Council the truth and the "inside" about the West Adams job, as the Councilman said, complete protection will be assured to city employees who assisted the committee in "getting to the bottom of this situation and uncovering the facts."

It is possible that among the witnesses who will be called by the committee in its investigation will be former City Engineer Van Norman, who built the \$12,000,000 outfall sewer at a saving of \$8,000,000 over the original estimates, as the West Adams storm drain was laid. The former City Engineer, who is now assistant chief engineer of the Bureau of Waterworks and Supply, will be asked, in his opinion, the enormous quantities of concrete and pipe used in the storm drain were necessary and if the wholesale quantities were charged to the property owners at retail prices.

Councilman Shaw, of the Eighth Councilmanial District, who voted for the investigation of the West Adams job now under way, said yesterday: "I am convinced that every effort will be made to get at the truth of this West Adams matter for the protection of the property owners. If we find that the assessment as submitted is a fair and reasonable one, then the Council will take every possible step to correct that injustice."

SYSTEM INCOMPLETE The investigation should also have the effect of serving notice on the contractors and the Board of Public Works that the City Council is not to be deceived by the "inside" of the property owners.

Councilman Shaw, of the Eighth Councilmanial District, who voted for the investigation of the West Adams job now under way, said yesterday: "I am convinced that every effort will be made to get at the truth of this West Adams matter for the protection of the property owners. If we find that the assessment as submitted is a fair and reasonable one, then the Council will take every possible step to correct that injustice."

## City's New Chief of Police Hears Glad News

Commissioner Birnbaum and James E. Davis

## DAVIS DROPS PROVISIONAL CHIEF TITLE

Board of Police Commissioners by Unanimous Vote Select Acting Head of Department for Office from Three High Men

It's Chief of Police James E. Davis, now—no longer Provisional Chief, for by the unanimous vote of the Board of Police Commissioners yesterday he was chosen from among the three highest candidates for the office who recently took the civil service examination.

## SENATOR WARNS ARIZONA

Shortridge Says Dam Project to be Completed Without State Unless Delay Stopped

A warning to Arizona to cease her dilatory tactics in respect to proposed Colorado River development legislation was issued by Senator Shortridge yesterday in addressing about 800 men and women at luncheon at the City Club. He was introduced by the president of the club, Hugh Fennell.

"If we are unable to persuade Arizona to co-operate with us in this project of major importance to the Southwest," he said, while his hearers cheered the statement, "we shall go ahead without her."

Senator Shortridge devoted much of his time to discussing the Colorado River project and revealed that a large amount of credit must go to him for whipping it into shape that it likely to be adopted at the next session of Congress.

The bill is now on the Senate calendar and will be taken up next December, he said. He explained that he has been thoroughly familiar with conditions in the Imperial Valley and along the river for the past thirty years, and that he believes development of the river vitally necessary for the Southwest.

Because of his experience, education and personal qualities, he was deemed "the man for the job." Of the sixteen who took the written and oral examinations, Chief of Police Davis stood second in point of percentage. Seniority was another factor considered by the commission when considering the names of the three high men submitted to it by the Civil Service Commission.

The percentages of the nine who passed the examination were: Inspector of Police Cleveland Heath, 99.8; Provisional Chief of Police James E. Davis, 98.7; Capt. Louis L. McClary, 98.5; Capt. Thomas F. O'Brien, 94.5; Detective Lieutenant Armin R. Kallmeyer, 79.1; Capt. James F. Bean, 77.5; Inspector of Police James P. Lyons, 77.4; Lieutenant William H. Behrendt, 75.1; Acting Capt. Dwight W. Longueur, 75.0. Seven others who took the examination failed to receive passing marks.

BROTHER CHIEF GREETED DAVIS Among the first to congratulate the new head of Los Angeles police and the first out-of-town police leader was Chief of Police James Patrick, for many years Chief of Police of San Diego. He was en route to Chicago, there to attend the International Conference of Police Chiefs, and stopped here to merely greet Chief of Police Davis. Known to him therefore, it was his friend's official inauguration day as Chief of Los Angeles Police.

Deputy Chief Cleveland Heath and Capt. L. L. McClary were the two other officers certified by the Civil Service Commission as being eligible for appointment.

As a result of the check of his record, Assistant Captain of Detectives Cato was placed on the passing list by the Civil Service Commission. The original report on the results of the examination showed that he was 9 of a point below a passing grade.

In addition to the three high-honor men certified for appointment, and Assistant Captain Cato, the names of six officers are on the list with more than passing marks.

OFFICERS INSTALLED Semi-Tropic Lodge of Odd Fellows, which claims the largest membership in the city, has installed Charles M. Knight as Noble Grand and John Hamilton as Vice Grand. District Deputy Grand Master Howard P. Bancroft took charge of the installation and Fred E. Pierce, Past Grand Patriarch of the order, gave an address.

Following the meeting, which was called for the special purpose of naming a Chief, the commissioners went in a body to congratulate Chief Davis at his headquarters.

## MUSIC PLAN STARTS ROW

Proposal to Engage Infantry Band for Venice Concerts Brings Protest in Council

The City Council's Finance Committee yesterday tried to give Venice \$7000 worth of band concerts this summer, beginning next Saturday, but as the committee recommended that the One Hundred and Sixtieth Infantry band be employed to discourse the music to Venice, a terrific clamor immediately arose from Councilman Moore in whose district the newly annexed Venice is located, to the effect that there is a difference of opinion in Venice as to the band that should give the concerts.

Councilman Moore demanded a public hearing by the Council on the music question and the hearing was set for next Tuesday morning.

Councilman Moore said that while the Venice Chamber of Commerce may have approved the employment of the One Hundred and Sixtieth Infantry Band and while one-half of the members of this band may be residents of Venice, still the claim was made that a band could be organized in Venice that could produce a request from Venice for the spending of \$7000 on the playing of the band and entertainment purposes which came into possession of the city of Los Angeles when Venice was annexed to Los Angeles.

The Finance Committee recommended that as Venice has a moral claim to the fund, that \$7000 be spent for free public band concerts this summer and the remaining \$19,000 be spent by the playground department for life-saving equipment, comfort stations and other improvements on the Venice ocean front and at Venice playgrounds.

Under the committee's plan, the One Hundred and Sixtieth Infantry Band would give two free public concerts each week, on Saturday and Sunday afternoons, beginning next Saturday and including Labor Day, or twenty-three concerts in all.

It was revealed that Charles Furbush will have charge of stories for the Bay Griffith unit as part of his duties, the whole of which have not been worked out as yet.

The definite announcement of those affected by the realignment probably will be ready Tuesday, Warner said. He stated that the reason for the step is the necessity of expansion and the building of an organization to care for the enlarged production work.

Twenty out of the thirty-nine pictures scheduled for fall release have been announced.

That property in or near Los Angeles is wanted in exchange for 10-acre full-bearing orange grove near Riverside. Ten shares of water stock included.

That a thirty-passenger eight seater bus in fine condition is offered for sale.

That a salesman is wanted for campaign on a new Santa Monica beach club.

That eastern business man of high standing will invest \$10,000 with services in established industry.

That \$100 will buy a half-sack concrete mixer with three-horsepower engine.

## COMPANIES INTRODUCE SCORED ICE

# BEACH CITY BANK HOLD-UP PROVIDES POLICE PUZZLE

## Bandit Lurks Inside, Ties Up Staff as They Enter, Obtains \$10,171; How He Got There Mystifies

LONG BEACH, July 14.—A lone bandit bound and gagged four employees of the Marine Trust and Savings Bank, Seventh street and American avenue, here today, and after forcing one teller to open the vault, made good his escape with \$10,171 in currency. He overlooked several hundred dollars in gold coin.

Police today were dividing their efforts equally on two tasks—one the capture of the bandit and the other a determination of the manner in which the bandit gained entrance to the bank.

The bandit had entered the bank some time previous to 9 o'clock this morning. When J. E. Myer, janitor, arrived at 8:15, he was overpowered and bound and gagged by the bandit, who placed him in a closet and then sat down to wait the arrival of other bank employees. At 9 o'clock Forrest Shattuck, book-keeper, and W. J. Grotenhuis, teller, arrived, and were held up at a pistol point, bound, gagged and placed in a closet.

A short time later Mrs. R. J. Siphers, assistant book-keeper, entered and was forced to join the other three after she had been securely tied.

**AWAITS CLOCK**

Then the bandit sat down and waited until the clock struck 10, the hour at which the automatic time lock on the vault is released. Trying Grotenhuis, the bandit ordered him to open the vault. Grotenhuis, he told police, obeyed and was then bound and gagged once more and thrust in the closet with the others while the bandit proceeded to rifle the vault. Stuffed packages of currency in his pockets, the bandit walked out of the bank through the front door.

A short time later Myer freed himself from his bonds and spread the alarm. The bandit had taken the precaution to cut the telephone wires and it was necessary for him to phone police from a drug store on the opposite corner.

Myer told police that after he had been overpowered by the bandit, the latter showed him a pair of glasses and told him he had gained entrance through a window six feet above the street by cutting the screen. Investigation of the screen, according to Detective Sergeant Glenn and McDonald, revealed that it had been cut from the inside but the window had not been used as a means of ingress, the officers said. Dust on the window sill showed no marks and it would have been necessary for the bandit to have climbed up the wall to reach the window. The brick wall shows no marks of one climbing, it was said.

**DOORS LOCKED**

Police believe the man had gained entrance to the bank some time during the night and that he was either admitted or had a key of his own. The janitor, upon his arrival, found the doors locked as usual, police say. A private watchman employed by the Atkinson Merchant Patrol carries a key to the bank and is required to enter and inspect the banking rooms several times a night, police said today.

Detective Sergeant Glenn and McDonald, assigned to the case, were furnished with a complete description of the bandit by the four bank employees and every police agency in Southern California was appealed to this morning to assist in his capture.

### TWO ARRESTS EXPECTED IN BRANCH ROBBERIES

Two important arrests are expected today, Captain of Detectives Cabell declared yesterday, in connection with the noon-hour robberies last Monday of three branch banks, two in Los Angeles and one in Pasadena. Finger prints left by two of the hold-up men have been found to correspond with finger prints on records at police headquarters, and Capt. Cabell expressed confidence that a round-up of the bandits will follow within twenty-four hours.

At Central Station it was admitted that police officials are undetermined what to do in the case of Morris Crockett, 30-year-old wife of William C. Crockett, alias Fred Heit, alias Chester Ward, a suspect arrested in Hollywood immediately after the robbery of the Melrose-avenue agency of the Pacific National Bank. Capt. Cabell expressed doubt whether Mrs. Crockett had any advance knowledge of the three robberies. She was brought to the station for questioning, and retained Attorney A. S. Hahn, who announced he was prepared to file a writ of habeas corpus if the young woman should be held. Pasadena police also were in conference with Capt. Cabell yesterday in efforts to establish the identity of the bandits who held up the Lake-avenue branch of the Pasadena National Bank.

The three robberies netted the perpetrators approximately \$850. Practically all of the money stolen from the Pacific National branch, about \$500, was recovered in a garage in the rear of 631 North Larchmont Boulevard where Crockett was arrested.

### COOK ARRESTED IN \$6000 GEM THEFT

Charged with stealing \$6000 in jewelry from the home of Eric Pedley, polo star, at 525 West Rose Road, San Gabriel, Ricardo Miller, a Filipino cook, was arrested yesterday at San Bernardino and lodged in the County Jail by Deputy Sheriff O'Leary and Walker. The officers reported they found all but a small portion of the missing valuables in his pockets. The simultaneous disappearance of Miller and the jewelry was reported by Pedley on Monday to Capt. Townsend. The deputies, aided by Constable Parker of San Gabriel, learned the Filipino has a cousin working in San Bernardino and watched the house; Miller, they said, appeared there yesterday.

### OVERWORK CAUSE OF BREAKDOWN

May McAvoy

May McAvoy, screen actress, has been in bed for a week with a nervous breakdown, and is under the care of a trained nurse, it was learned yesterday. Her physician, Dr. Louis J. Ragan, said the condition was brought on by overwork. It will be a month at least before she can return to the screen, her mother, Mrs. Julia A. McAvoy said. She expects the actress will take a trip to Europe, perhaps to Honolulu.

### Ex-Governor of Oregon to Wed in East

Letters received in Los Angeles from Washington, D. C., by former residents of Oregon announce that the wedding will take place this week in Norfolk, Va., of George Earl Chamberlain, former United States Senator and former Governor of Oregon, and Mrs. Carolyn B. Shelton. Senator Chamberlain was also after the war a member of the United States Shipping Board. As Governor and Senator he served his State for twenty years. He was chairman of the Senate Committee on Military Affairs during the war.

The romance is of recent ripening. Senator Chamberlain having been stricken by partial paralysis some months ago in Washington, Mrs. Shelton cared for him during his serious illness from which he has recovered.

Mrs. Shelton is a former resident of Portland, Or., and a popular member of the Washington social colony.

### DAILY NEWS STOCK PLAN HEARING SET

State Commission Deputy to Receive Plea Today for Shares Sale Permit

A hearing on the application of the Daily News Corporation to sell \$250,000 stock, one-half of the capital shares, to take over the plant of the Illustrated Daily News, will be conducted by Chief Deputy State Corporation Commissioner Walther at 3 p.m. today at the commission's office in the Sun Building. Preparations are being made to accommodate a large audience at the hearing.

No objection to the application has been filed. It was stated yesterday, and the purpose of the hearing is to give all interested persons an opportunity to air their views. An examination of the plan was made for the commission, it was reported. The Daily News Corporation, W. O. Gilman, of Los Angeles, president, recently was organized under the laws of Nevada. The application for the stock sale states it is planned to sell only to private investors.

The application gives the replacement value of the plant as \$194,465 and says the plan is to sell the stock at a receiver's sale. Local debts are listed as \$99,517, and it is stated, there is a debt of \$801,000 to the "Yankee" Hotel. The plan also declared that Cornelius Vanderbilt, Jr., father of the former publisher, John J. Monaghan of San Pedro will represent the defendants.

### JURY FINDS EX-OFFICER SLEW WIFE

Life Imprisonment Sentence Recommended in Verdict of Guilty

After being out nearly twenty-four hours, a jury in Judge McClaugh's court yesterday afternoon found Manuel Mendes, former policeman, guilty of murder in the first degree for the shooting of his wife, Nora Mendes. The jury recommended life imprisonment. Sentence will be imposed Monday.

Mrs. Mendes was fatally shot on March 3, last, at the home of friends in the harbor district. It was said she and her husband had been separated and he had gone to the house to urge her to come back to him. She refused, and, according to the testimony of one witness, he shot her while she was in the act of yielding to his request to kiss him good-by.

Mendes' defense was that he had been under the influence of liquor for several weeks and his mind was a blank at the time of the shooting. The jury retired at 4:30 p.m. yesterday and was out until 8:30 p.m. yesterday. The State had asked the death penalty and it was reported the long detention of the jury was on the question of inflicting this or a lesser penalty.

### BLACK BASS CATCH HELD HIGH MARK

Five Deep-sea Denizens Weighing 1459 Pounds Landed at Santa Monica

By a "Times" Staff Correspondent (Illustration by Victor Fox)

SANTA MONICA, July 14.—Five monster sea bass—also known as Jewfish—weighing 1459 pounds were landed from the launch Owl II in Santa Monica Bay yesterday by L. H. Taft of 1648 Second street, World-War veteran who has made some phenomenal catches in these waters. Yesterday's catch is said by fishermen on the pier to be a world's record. The huge warriors of the deep were caught after terrific battles. Taft, using regulation sportman's tackle, a 34-foot line, 12-00 hook, Boyds Prusker Tangle reel and mackerel bait.

Last month Taft established a world's record by catching a monster bass by local fishermen, when he landed four monster bass in a total of 165 minutes. The four weighed 1843 pounds. On June 24 he caught a 400-pounder in fifty-five minutes.

### SCHULBERG MAY BE STUDIO HEAD

(Continued from First Page)

been completed and the officials are free to work on plans for the spring release of the executive, said.

E. Lloyd Sheldon, recently arrived from New York, will be a power on the question of the studio. The exact title of Sheldon's position and the full details of his duties have not been determined as yet. Production, however, will go on as an increased scale. Included in the road-show pictures to be made in the coming twelve months will be "Wings," "The Road to Reno," "War of the Worlds" and the next James Cruze and D. W. Griffith productions, as yet untitled.

### CANDIDATES TO SPEAK

The West Hollywood Republican Study Club will have an open meeting tomorrow at 7:30 p.m. at Plummer Park Hotel, 7408 Santa Monica Boulevard, at which several candidates for office will appear. The meeting was arranged by Mrs. Nellie R. Van Slingerland, president of the club.

**RAIL OFFICIAL COMES HERE**

J. L. McKee, general superintendent, Michigan Central Railway, now visiting in Yosemite, will arrive in Los Angeles Saturday morning on the Southern Pacific from Maroon. McKee is to remain here until Monday evening when he will depart for San Francisco.

### NAVY COURT TRIES SEVEN GUARDSMEN

Members of Cutter Crew Charged With Being Allied With Run-Runners

A general court-martial of Boatswain John De Zeeuw of Coast Guard Cutter 289 and six others of her crew will start at Los Angeles Harbor this morning on charges of falsifying her log and of being in league with run-runners. The officers from San Francisco, Capt. W. B. Mattson, Lieutenant-Commander C. C. MacMillan and Lieut. F. L. Austin, will comprise the court; Commander L. C. Corvill will be the prosecutor. John J. Monaghan of San Pedro will represent the defendants.

A board of inquiry into the movements of the C. G. 350 began May 23 when she appeared at the harbor with a fishing boat with several cases of whisky on board, claiming to have seized the boat of Laguna Beach. The night before, she was supposed to have been in the harbor. Santa Monica is the body of Almes Temple McPherson. It is declared she left Santa Monica Bay without orders.

### ARTIST OF PASADENA SUCCUMBS

Harold Arthur Streater, Painter of Portraits and Landscapes, Passes Out

By a "Times" Staff Correspondent

PASADENA, July 14.—Harold Arthur Streater, portrait and landscape painter, died here today at the age of 65 years after an illness of two months. He had been a resident of Pasadena for seven years, residing with a niece, Miss Gertrude S. Thomas, 421 Prospect Square.

Mr. Streater was a brother-in-law of O. Thomas, president of the Erie and the Lehigh Valley railroads. He leaves a brother, Sterling Streater of Richmond, Ind., and two nieces, Miss Gertrude S. Thomas of Pasadena and Mrs. Harry Winslow of London, England.

### SHORTBRIDGE IN DAM WARNING

(Continued from First Page)

stakes and move to the paradise of California, he concluded.

Senator Shortridge also recounted the efforts made by him on behalf of the appropriation for preserving national forests in Southern California from fire. He was able, by dint of much labor, to convince Budget Director Lord of the danger and \$100,000 was included in the second deficiency bill. That money, he said, was immediately available for use in local forests.

### FORECASTS TARIFF ATTACK

The Senator again warned his constituents that the Democratic leaders have impending an organized attack upon the present tariff law and those in California, particularly which have contributed so much to the prosperity of this region.

Last night the Senator was entertained at dinner at the Elmer Club by a party of prominent Elks who are his personal friends. He later addressed a small gathering of Elks on the subject of national affairs.

His schedule today calls for a luncheon talk to the Association of Secretaries at the Elmer Club. From that meeting he will go directly to Venice, where he will greet friends, continuing to Ocean Park at 4:30 p.m. and thence to Santa Monica. At 9 p.m. he will address a radio audience over KJL on matters of interest.

### TAX RULING VOIDS STATE ADVANTAGE

Attorney-General's Stand on Federal Estate Levies Affects Californians

"U. S. Atty.-Gen. Clegg's ruling on Federal estate taxes and community property involves hundreds of millions of dollars for Californians," said Prof. Rolland A. Vandegrift, director of research of the California Taxation Improvement Association, yesterday.

The ruling, as reported in dispatches from the East, is that the Federal estate tax must be paid on the same basis as the income tax and on the entire property of the husband. It wipes out all the advantages of former community property rulings in reference to California.

"First, there are about 3000 pending cases involving about \$10,000,000," said Prof. Vandegrift. "Second, where the statute of limitation has not run, all cases which were decided on former rulings to allow for community property will possibly be thrown into the courts for recovery by the Federal government. Third, the ruling will result in tax and about \$10,000,000 will have to be refunded here by taxpayers which had been returned by the government on the former ruling. An unknown amount will be involved in additional cases hereafter."

"Third, all future community property estates will lose the expected advantages under the former ruling."

"This conforms to my opinion and predictions heretofore published by the Los Angeles Times."

### QUITS EAST TO PRODUCE FILMS HERE

A. Carlos Will Transfer Executive End of Business to City from New York

Because he believes the executive as well as the production end of motion pictures can be attended to in Los Angeles with as much facility as in New York, A. Carlos, pioneer producer, who for years was an official of the William Fox organization, arrived here yesterday from the eastern metropolis to establish an office and to become a permanent resident of Los Angeles.

Mr. and Mrs. Carlos are stopping at the Ambassador preparatory to settling in Hollywood. The producer has for years been making two trips annually to Hollywood. After his visit last winter he decided to move here. Mr. Carlos has been associated with Richard Talmadge, whose new contract with Carl Laemmle will make Talmadge a Universal star for his productions this summer and winter.

"There is a general movement to transfer the executive end of motion pictures to Los Angeles," said Mr. Carlos. "Executives in the last year or two have been spending more time here than at any time in the history of the business. It is only a matter of another year, I believe, when most of the executives will be settled here permanently. Then they can personally look after production as well as the other angles of the business."

### THE LANCER

(Continued from First Page)

street ought to be an archway under hanging boughs.

Instead, we have done our best to make a beautiful country as ugly as a tank town on a desert. We still have a range of mountains that "stand up like the thrones of kings," but we are not ticked yet. We will figure out some way or other to make them an eyesore and a horror.

### Former Kansas Officer Held in Wichita Murder

Edward E. Smith, 35 years of age, a former member of the Wichita (Kan.) police force, was arrested yesterday at 2430 Carlton street on a fugitive warrant charging him with the murder of Edward W. Hall. The arrest was made by Detective Lieutenant Shannon and Dryden.

### HONEST MAN IN FAR-OFF ISLAND

South Sea Resident Sends Apology and Bail for Traffic Case Here

Here's a man after Diogenes's own heart. Writing from Papeete, the capital city of Tahiti, Oceania, which largely embraces the French South Sea Islands, A. Manasseh business to explain that on June 18 last, he received a police tag in Los Angeles for parking his car in a restricted area.

The letter, addressed to W. H. Scott, bail clerk at Central Station, goes on in apologetic vein, expressing regret that the writer didn't have time to put up the necessary bail before leaving the city.

"Excuse you will find so," he writes.

The money was there, sure enough. Bail Clerk Scott hardly could believe his eyes.

### MELODY MARKS RADIO PROGRAM

KJL Broadcast Last Night Feast of Artistry

Listeners' Expectations Met With Highest Talent

Harvard Singer Scores Hit With Ballads

BY NAE PRYCE BROOKS

As the programs from the broad national stations grow finer and finer, the public is coming to expect to find talent available. Last night's broadcast was truly a feature program. So many good things that it is difficult to single out any one.

An out-of-town guest was Thomas Francis Kelly, who walked out with third honors in the National Orchestral Contest. He did not come to Los Angeles to talk, however, but to delight listeners with his liquid, lilting voice. He is a member of the Harvard Instrumental Club, which should be recommended enough for the best of reasons. His songs were of the type including "Vale," by Francis Jacobs Bond; "Love Me or Not," by Bertie and Burleigh; "The Bird in the Meadow."

**BEAUTIFUL SOPRANO**

The second visit of Charlotte Mottola Hodge served to strengthen the opinion created when first her sweet, colorful soprano voices were heard. She sings with ease, splendor and beautiful interpretation. Her songs were of the type including "Vale," by Francis Jacobs Bond; "Love Me or Not," by Bertie and Burleigh; "The Bird in the Meadow."

A gifted young pianist played last night. Dorothy Ellis is just 16 years of age, and it is astonishing how well she performed the heavy numbers she chose for her first broadcast. Her playing was of the type including "Vale," by Francis Jacobs Bond; "Love Me or Not," by Bertie and Burleigh; "The Bird in the Meadow."

Alison Phelps, radio pianist, was obliged to carry on without the aid of her partner, Miss Ruth, who last night. The studio where she is working on a picture could not have Miss Hodge to come to KJL time for the program, much to our disappointment. Mr. Phelps gave another clever talk called "Appreciation of Music," and played some beautiful music. He said that he could not make their feet move when Len Nash and his Countess began their toe-ticking music.

**JEALOUSY BEMOANED BY ACTOR**

**Wife Disliked All of His Leading Women, Asserts Player in Divorce Reply**

If there were enough plays for male characters exclusively, it would simplify the problem faced by Joseph Haggerty, leading man in suburban stock companies, according to the cross-complaint he has filed to the suit of Isabella Haggerty, his wife, for a divorce.

Their marital troubles have arisen largely over Mrs. Haggerty's jealousy of the various leading women that have played opposite him, Haggerty declared. She has nagged him so continuously that he has been unable to learn his lines in time to appear in them, he said.

Mrs. Haggerty instituted the action several months ago, with a complaint charging cruelty. At the same time she sued Haggerty's leading woman for alienation of his affections, but this action was lost on a nonsuit last May, Haggerty declared in his cross-complaint.

The actor waited so long to file his counter-charge that his attorney, William Bronstein, had to appear before Acting Presiding Judge Valentine yesterday to obtain special permission to enter it.

**JUGO-SLAV LEAGUE INDORSES GOODCELL**

The Jugo-Slav Central League of Los Angeles county, representing more than 15,000 voters in this county, has endorsed the candidacy of Rex B. Goodcell for the Republican nomination for Governor. It is announced by Daniel M. Chabraya of the league's publicity bureau. The league includes men prominent in the business life of Los Angeles, and its officers are Matt P. Kresovich, president; John J. Kresovich, secretary. The endorsement issued by the league, which is the political clearinghouse for the various Jugo-Slav associations throughout the county, refers to Goodcell as the league's "friend and candidate."

## Increase Draws Criticism from Coolidge

eral government, have no moneys which they do not take from the people. To meet an increase of more than \$1,000,000,000 a year for four years in the expenditures by the States and their political subdivisions there must have been a corresponding increase in the national

at this rate or an extra \$1,000,000,000 a year. Since 1921 the Federal government outlays have been reduced by about \$2,000,000,000 a year but State and local government totals have gone up by \$4,000,000,000. The people as a whole have been losing ground, one might say, at the rate of

we were paying about \$87 each for all government costs, and in 1925 about \$100, and these sums were divided as follows:

Federal .....	1921	1923
State .....	854	827
Cities and counties .....	6	13
	27	60

STUNG!

An English countryman sold his lord before leaving for London and on his return announced to his friends that he had purchased a Rolls-Royce. Some of them came to have a look at the car.

"Ere' Bill," said one, "this ain't a Rolls-Royce, surely."

"Wot!" exclaimed the owner, "ghost. Well, if it ain't I've been one out of six pound ten."—[Boston Transcript.]

## MUDDIED NYMPH WAS "ALL WET"

Young Woman Parading at Washington and Western in Bespattered Bathing Suit and Fountain Pen Pleads Guilty to Intoxication Charge

A young woman in a mud-covered bathing suit attracted the attention of Police Officers Wilson and Inden of the Wilshire division at Washington and Western avenues at 7 a.m. yesterday. The mystery, they said, was intensified by the fact that her only other equipment consisted of a fountain pen attached to the neck of the bathing suit.

This was the tale Mrs. Lucille Doughlas, 22 years of age, of 745 North Gramercy Place, told them, the officers related. She had been at the beach and decided to walk home. Somewhere along the intervening desert stretches a man in an automobile nailed her and offered to give her a lift into Los Angeles.

She accepted, the tale continued, but was horrified when the man insisted on paying her attentions. She returned home and was invited to get out and walk.

Officers Wilson and Inden heartily charged her with being drunk. Yesterday afternoon in Municipal Judge Bullock's court she pleaded guilty to an intoxication charge and was fined \$10.

The officers admitted they had failed to check up on the fountain pen.

### NUISANCE ABATED

Chief of Police Davis reported to the City Council that in response to protests from neighbors against the practice of persons parking automobiles all night in the 1600 block on Harvard Boulevard, police officers had tagged the night-blooming automobiles so often that the nuisance had been abated.

Lady Rhonda is at the head of a movement to have the British Parliament change the age of women eligible to vote from 30 to 21 years.

A dark, vertical, textured strip, possibly a book binding or a piece of fabric, showing a rough, fibrous texture. The strip is dark brown or black with visible vertical fibers and some lighter, irregular patches. It appears to be a close-up of a material with a coarse, woven or knitted structure.

# Last Pictures of Fawcett Party Lost In Jungle Received Here

Pictures of Col. F. H. Fawcett, British explorer, and his party feared lost in Brazilian jungle have been received by Mrs. E. Rimell, 1437 Allison avenue, whose son Raleigh is with party. Photo at left shows Col. Fawcett examining bones of horse he lost in jungle in 1920. Center shows Raleigh Rimell. Right, colonel's son Jack. Pictures, taken just after party plunged into jungle in May, 1925, carried back by natives.

Take the Witness! said Mrs. Milton Bunting of New York City when, as her own attorney, she took the court examination of her husband, who was granted divorce on ground of cruelty. (P. & A. photo.)

Flying Shells and Chunks of Shrapnel whizzing through the air during the terrible fire at the U. S. naval ammunition depot at Lake Denmark, N. J., wrecked homes miles around, drove the inhabitants afar in seeking safety and endangered the lives of rescuing parties. At left, photo shows boys of New Hope, N. J., steel shells and missiles blown into the town. At the right are shown refugees cared for at the Morristown (N. J.) Armory. (P. & A. photo.)

A "Six-gun" Sextet of charming co-eds comprise the rifle team of the University of Kansas. They are excellent shots with both rifle and pistol, having met without a single defeat the best university rifle teams of the country. The man is Coach Sergt. Palmer. (Herbert Photos, Inc.)

After "Fiddling" Around a bit, three-weeks-old Nadia Elman, daughter of Mr. and Mrs. Mischa Elman, the famous violinist, consented to give her first interview. Photo shows mother and daughter. (P. & A. photo.)

He Didn't Have to Tell about "the big one that got away," when he came with this record catch of jewfish at Santa Monica. The fisherman is Taffe, 1549 Second street, Santa Monica. The total weight of the fish is 1459 pounds—ringside.

Another Film Chief has joined the general movement of film executives and has come from New York to live in Los Angeles. Above is A. Carlos (center), pioneer producer, and his wife, being welcomed by Richard Talmadge.

## OUR HISTORY IN PICTURES

456 The Blockade—1861.

by J. CARROLL MANSFIELD

ON MAY 13, 1861, PRESIDENT LINCOLN PROCLAIMED A BLOCKADE OF ALL PORTS OF THE CONFEDERACY. THE SOUTH LOOKED TO EUROPE AS A MARKET FOR HER STAPLES, COTTON, TOBACCO AND TURPENTINE, AND AS A SOURCE OF MANY MUCH-NEEDED ARTICLES. LINCOLN BELIEVED THAT BY PREVENTING THIS TRADE THE WAR WOULD BE BROUGHT NEARER AN END.

CUTTING OFF THE SECEDED STATES FROM COMMERCE WITH THE OUTSIDE WORLD WAS A TREMENDOUS UNDERTAKING. FOR THE CONFEDERATE COAST LINE STRETCHED FROM CHESAPEAKE BAY TO THE RIO GRANDE, ABOUT THREE THOUSAND MILES.

AT FIRST, THERE WERE BUT FEW FEDERAL CRUISERS AVAILABLE FOR BLOCKADING DUTY. TO MUSTER AN ADEQUATE FLEET FOR SUCH AN EXTENDED PATROL THE AMERICAN GOVERNMENT WAS OBLIGED TO USE ARMED COASTING STEAMERS, CONVERTED MERCHANTMEN, TUGS AND EVEN FERRY-BOATS.

THE BLOCKADE DEALT A HEAVY BLOW TO THE CONFEDERACY BY KEEPING OUT FOREIGN SUPPLIES. SWIFT CONFEDERATE BLOCKADE RUNNERS ATTEMPTED TO BRING IN THE NECESSITIES IN SUFFICIENT QUANTITIES TO MEET THE DEMAND.

These daily history strips make a unique pictorial history of America.

Hundreds are clipping them daily and pasting them in scrapbooks.

## CHAUFFEUR

**Presented to Her as Baby by Morgan**

John Campbell, Jr., chauffeur Mrs. Lou Craig Rodman Merritt, was arrested in Pasadena early yesterday by local officers on charges of suspicion of grand larceny and burglary, it was learned here last night. Although the arrest was made at the request of Tulare authorities, Detectives Miller and Stanford said yesterday morning, it did not become generally known until a few hours last night, when details were

However, Mrs. Merritt is suing her husband, Hulett; Clinton Merritt, Jr., son of a wealthy Pasadena family, for divorce, charging infidelity, and demanding community property value. It is valued in her complaint at approximately \$2,000,000, \$500 a month alimony, \$10,000 for costs of the action and \$100,000 for counsel fees. Campbell's arrest was at the request of Tulare authorities, allegedly for entering the ranch home of Merritt at Tulare. Campbell formerly was

**COGSWELL CANDIDACY INDORSE**

**Supervisor Given Support for Re-election by Covington Water Users' Association**

The more familiarly known names among the members were Marvin E. Cobb, Eddie Canter and George Jessel, noted humorists; James J. Connolly, writer; Walter Dixon, columnist; and Jimmy Starnes, Lew Cody, Ed Brendel and Joseph Hubbell, were among the less well-known.

A feature of the program was the appearance in months of four of the country's best-known comedians, all of whom have recently been discharged from hospitals after long periods of confinement.

At the First District was also present the Virginia Marie Burdige, who had spent over half her life as the Metropolitan Museum of Art—the only one ever given to a child or woman.

Virginia Marie Burdige celebrated her eighteenth birthday under the fellowship

The candidacy of Prescott F. Cogswell for re-election as Supervisor of the First District was announced at the annual meeting of the Water Rights' Association of the San Gabriel Valley in Covina. The resolution, which was adopted with only two dissenting votes, rebuked Cogswell's services in defense of water rights and recommended his re-election.

Superior-Cogswell, it was stated,

## Venice Plans Full Crew for Chamber Entry

By a "Times" Staff Correspondent  
VENICE, July 14.—Tomorrow, the opening day of the membership drive at the Venice Chamber of Commerce, is scheduled to be the great day's work. Somehow your job has lost its thrill! Thanks that ordinarily command your interest become plain drudgery.

"It's not the heat," you say, "it's the humidity. I could stand the heat if it weren't for this muggy air."

The commonly accepted explanation for excessive discomfort on hot, muggy days has been that humid air—that is, air saturated with water vapor—has less capacity than dry air to absorb body heat. But recent research by Dr. C. A. Borelli, of Case, shows:

George H. Hampton, Arthur W. Hines, Signal Hill Press; L. W. Hinsdale, General Electric; J. E. Howard, General Motors; R. S. Baldwin, Long Beach; Peter A. Hickey, Bell; William Leaky, Bellflower; A. F. Thornton, San Gabriel; S. G. Caldwell, Inc., Long Beach; A. N. Channin, Whittier; Arthur L. Darby, Downey; J. M. Decker, Los Angeles; J. D. Brown, Whittier; G. S. Henderson, Long Beach; J. M. Burke, Downey; and C. A. Borelli, Compton.

### Diner May Die

of the campaign. Up to noon on July 17 the 350 new members of the club had been recruited. The team of Capt. Ed Savat, who had been obtained, it was reported, by the honor of the day.

The divisions are being led by Roy Sink and Wylie S. Abbott. The presence affiliation with the Los Angeles Chamber of Commerce.

**MARK CONCERT SUNDAY**

Robert's Band Soloists Feature of

The City Park Commission conducted a presentation of the Golden Band, will be heard Sunday at 2 p.m. at the Golden Band. The band will offer a soloist, Frank Prouty, trombone, and A. W. Spina, clarinet. The letter will be his favorite solo selection, "Santitas," by Thornton. The soloist will be assisted by the band, which is the acting municipal organization for Los Angeles city

[illegible]

his campaign speeches in the Third District, Supervisor Henry W. Hunt, candidate for Congress, is expected to be gained by full participation in the annual Los Angeles State Fair, held at Pomona. This year the fair is recognized by the State as one of the leading attractions, and the exhibits shown will be of a high order of interest.

West. Mr. Wright has been a constant supporter of the Los Angeles County Fair since its inception and commends it to the peo- throughout the county as worthy all support and patronage.

**CAMPBELL SUCCEEDS  
SESSER AS DIRECTOR**

Charles Campbell, chairman of the board of trustees of Alhambra, was elected to the position of director to prove the actual existence of such a person have been futile. William Tell is a phantom. In the literature of Norway, Denmark and Iceland there is no personage known as William Tell, treating of the experiences of the native with the howling wind and the snow storm, the fact that the story was originally borrowed by the Swiss from some outside source. In 1780 a Swiss minister of justice, in which country the de- tectork to prove that the story was

empowers school districts to estab-lish and maintain special classes for the education of the children of \$300 per child is allowed.

The Legislatures of Illinois and Michigan passed acts in 1925 authorizing school districts to estab-lish and maintain classes for crippled children, and in the same case the legislatures of New York and New Jersey act authorizing counties to participate in the main-tenance of such classes and for crippled children. An Oregon act
